## Zoning Board Backs Tavern At Hearing

by PETER GILL

The Antioch Zoning Board has voted to recommend that the village board allow another tavern on Main St. despite the objection of redevelopment commission.

The Antioch Village Board is expected to make their decision on the matter at a meeting on July 15.

In a July 3 hearing for Ken Mazzuca's appeal to move his tavern where EJ's Camera Store was, Zoning Board Chairman Vernon Burdick broke a 4-4 tie with his vote against a motion to deny the appeal.

Burdick said that he did not think that there was strong enough evidence to go either way with the vote, so he did not vote to deny the motion.

The motion to deny was moved by Al Little and seconded by Robert Bell.

Quite a number of merchants showed up at the lengthy hearing, along with Michael Warren, the chairman of the redevelopment

commission and Kai Nibel, the attorney for the commission.

The tavern could be allowed to move in and start business on Main St. under a provision of the redevelopment commission's recommendation to the zoning board.

That provision calls for the business to be run as a restaurant as defined by the redevelopment commission.

Mazzuca has six months to meet those requirements under the motion.

"We (the zoning board) do not have any restaurant wording," Burdick said. "That came from the commission, not the zoning board as such."

The defined requirements state that the business must be "held out to the public as a place where meals are served." The service of alcoholic beverages must be incidental and complimentary to the service of such meals according to the definition.

Another requirement states that "dinner table seating must have dinner table seating for 50 percent of the total number of persons

## ACHS Retains Fees Despite Rising Costs

At the last regular meeting of the Board of Education of Antioch High School, Board President Robert Lindblad appointed Glen Moore as delegate and Frank Walsh, Jr., as the alternate to serve as the board's voting representative at the delegate assembly at the 1985 annual conference which is held in Chicago, Nov. 22 through Nov. 25.

The board also accepted the resignation of Janet Eppers, health aide, and Martha Perleberg, part-time German teacher.

The board approved the employment of the following for the 1985-86 school year: Stephen Wapon as assistant principal; Joseph Fielding as math teacher and department chairman; Kathy Kelly, as health and physical education teacher; Victoria Fikes as a guidance counselor; and Ann Thomas as a health aide.

In another move, the board elected to keep the general school fees at \$30 for new students and \$25 for returning students. This will be the sixth year with no increase even though

the cost of textbooks has more than doubled at this time.

In addition to the textbooks, this fee also covers the physical education towels, photo I.D. card and two combination locks for new students.

Principal Art Blecke reported that the number of students attending summer school this year has increased by 25 percent from last year to over 300 students. This figure does not include those students enrolled in driver education or other special programs.

Assistant Supt. Gary Allen reported on the status of the educational program for 14-7.03 students residing on the Allendale campus.

Allen also reported that 20 members of the Antioch Community High School coaching staff are enrolled in a Sportsmedicine course to be held at Antioch Community High School this summer. The course is designed to update coaches on first aid and dealing with athletic injuries.

## Antioch Artists Ready For July 14 Crafts Fair

The Antioch Chamber of Commerce and Industry is busily preparing for their 13th Annual Arts, Crafts and Antique Fair. The event is being held in Williams Park on Main St. from 11 a.m. to 5 p.m. on Sunday, July 14.

Displays in the arts and crafts booths in past years included wood carvings, hand made dolls, leather-craft, quilted goods,

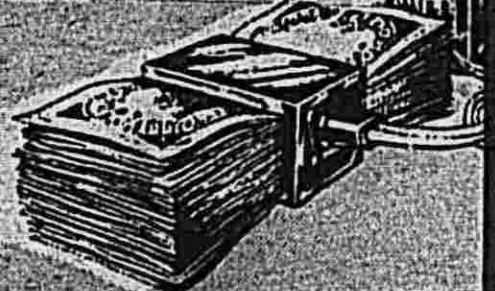

metal craft, hand made clocks, charcoal sketches, hand made jewelry and needlework.

Williams Park offers plenty of grassy area, covered pavilion and picnic tables for food and refreshments that will be served on the grounds.

Pony rides for children will be available.

### Anton Welzen

Funeral services for Anton (Tony) Welzen, 62, of Lake Villa were held on Friday, July 5 in Lake Zurich.

Mr. Welzen died on July 1 at his home. He was born on Dec. 28, 1922 in Rondout, and had been a life long resident of this area.

He was a veteran of World War II, where he had served with the paratroopers in the 11th Airborne Division. He was a member of the Libertyville Veterans of Foreign Wars Post. He had been a crane operator by trade.

Survivors include his wife, Ruth; five sons, Terry (Sharon) of Round Lake, Allen (Mary Beth) of Pontiac, Mich., Ronald (Sue) of McHenry, David (Ruth) of Mokena, Ill. and Robert (Mary) of Mundelein; 10 grandchildren; 12 brothers and sisters; and many nieces and nephews.

Interment was at Willow Lawn Cemetery in Mundelein.

### James Sexton

Funeral Mass for James Sexton, 62, a Fox Lake resident for the past 13 years, will be held on Thursday, July 11 at St. Bede's Church in Ingleside.

Mr. Sexton died on Monday, July 8 at St. Therese Hospital in Waukegan. He was born on July 9, 1922 in Benld, Ill.

He worked for many years as a carpenter and for the Board of Education in Mundelein as a custodian. He was a member of the Coast Guard Auxiliary, where he served as former commander of that auxiliary.

Survivors include one son, James L. Sexton of Wisconsin; one daughter, Loretta Hansen of Arlington Heights; two brothers; two sisters; one grandson; three granddaughters; and many nieces and nephews.

Interment will be at a local cemetery. Friends may call the K.K. Hamsher Funeral Home in Fox Lake between 3-9 p.m. on Wednesday, July 10.

### Williard Wyatt

Funeral services for Williard "Bill" Wyatt, 74, of Fox Lake were held on Wednesday, July 10 at the K.K. Hamsher Funeral Home in Fox Lake (in the chapel on the lake).

Mr. Wyatt died on Sunday, July 7. He was born on Jan. 4, 1911 in Chicago, and had been a resident and businessman in the Fox Lake area for over 39 years.

He was in the insurance business for over 50 years, 35 of which he worked at the W.H. Wyatt Insurance Agency, in which he and his wife owned and operated in Fox Lake. He was a veteran of World War II, serving in the U.S. Navy and a long time member of the American Legion Post No. 703 in Fox Lake.

Survivors include his wife, Helen Wyatt (nee Hachtel); one daughter, Karen Wyatt of California; and one brother, Edward Wyatt of Florida.

Interment was at Fox Lake Cemetery.

## Fort Sheridan Hosts Camp

The sight and sounds of small children and adolescents frolicking in and around the venerable barracks buildings at the south end of Fort Sheridan's grounds returned for the fifteenth consecutive year as "Project Aware" began its annual day-camp for children of low income families in Lake County on June 24. The post's Equal Opportunity Office coordinates the project.

As many as 900 children will have a full week of camping experience at the post by the time the season ends on August 2. In cooperation with the Lake County Community Action Project (LCCAP), Fort Sheridan officials have made available its recreational, athletic and community facilities for the youngsters who might otherwise never have an opportunity to enjoy a camping experience. As many as 50 percent are camp "repeaters".

As in previous years, carefully prepared separate schedules for ages five to 11 and 12 to 18 allow for gym, swimming, beach, bowling and outdoor sports as well as visits to the post museum, MP station and aviation activity. Counseling sessions are scheduled on hygiene, dental care, nutrition, drug and alcohol abuse, human relations, family planning and safety.

Routinely, children are brought to the post by bus each morning at 8:15 and depart about 3:15 p.m. Noon meals are provided by the military's Consolidated Dining Facility. All facilities are scheduled so as to not interfere with normal usage by Fort Sheridan personnel or families. All funding is provided by the LCCAP agency.

Directing the camp in 1985 is Kenneth Robinson, economic development coordinator for LCCAP. A resident of North Chicago, he is a member of the board of School Dist. 64 and is engaged in a number of other community activities.

He succeeds founding director Rev. Olen Arrington of Waukegan who conducted the camp every year since its inception in 1971. Personal scheduling conflicts prevented him from accepting the director's role in 1985.

Children attending the five-day camps are scheduled in geographical groups. The first group are children from Park City and Zion, and they will be succeeded by youngsters from Waukegan, North Chicago and Round Lake, plus children from Whispering Oaks, Tobin Court and Marion Jones residential developments in Waukegan. Call Mr. Robinson at (312) 926-3330 for additional information.

## State Bank To Build Facility In Lindenhurst

State Bank of Antioch President Randy Miles, met with Lindenhurst Mayor Robert R. Ratch, James Stevens, village administrator, and members of the village commission for economic development last week. He authenticated the banks belief in the vitality of government leadership in Lindenhurst with a surprise announcement of the bank's purchase of commercial property in the village with intent to build a full-service banking facility scheduled for completion in late 1985 or early 1986.

Plans to locate a full-service mobile unit on-site during construction are currently under consideration by bank management.

"To say the least, we are extremely pleased," said Ratch, "that the State Bank recognizes the progressive direction we have taken and has committed to significant long-term participation in our growth."

"Lindenhurst has developed gradually over the past 20 some years, but began its most dramatic growth in 1975," said Bank Board Chairman Bill Brook, "and many of its residents have maintained financial relationships with us. As a new corporate

citizen, we will welcome the opportunity to make our services more convenient and accessible to the community, and take part in its activities and growth."

The new bank facility, State Bank's first physical location to be built outside of Antioch, will be located on Grand Ave., east of Lindenhurst Dr. and will include a full range of teller services, commercial, consumer and mortgage lending, drive-up facilities, Cash Station 24-hour automatic banking, and extended office hours.

Ratch, working with board trustees and economic development appointees project completion of 60-100 new single-family units in Lindenhurst by the end of 1985, has formulated an aggressive marketing approach to lure investors for business, light industry and future consideration of controlled multi-unit housing for Lindenhurst.

# High School Announces Nov. Election Deadline

Nominating petition forms for the November 5 school board election in Antioch Community High School are now available. Forms may be picked up in the Antioch Community High School General Office, 1133 S. Main St., on any business day between 8 a.m. and 3 p.m. Forms are also available at the County Clerk's Office in Waukegan.

A school board candidate's petition must be filed at the Antioch Community High School General Office no earlier than 8 a.m., Monday, August 19, and no later than 5 p.m., Monday, August 26. Ballot positions for all candidates who present their petitions for filing at 8 a.m. on the first day for filing shall be determined by lot at a public drawing and ballot positions for all other candidates shall be in the order in which their petitions are filed.

Five seats on the seven-member Board of Education will be filled at the November 5 election. Four of the seats are for four-year terms, and one seat is for a two-

year term. Candidates must indicate whether they seek two-year or four-year terms. The five seats are currently held by Secretary Julie Portalski, and Board Members Tom Fisher, Charles Forster, Glen Moore and Michael Zeien.

To be eligible to serve, a school board member must be, on the date of election, a citizen of the United States, at least 18 years old, a resident of the State of Illinois and the school district for at least one year immediately preceding the election, and a registered voter.

Elections are nonpartisan and board candidates are not required to indicate a political party affiliation. Candidates should be aware of financial conflict-of-interest limitations set forth in The School Code.

Nominating papers may be filed by the candidate in person, by mail or by an agent. They consist of the following: Nominating petitions signed by at least 50 voters residing within the

district. Petitions must be securely bound together with pages numbered consecutively, and the signature of the petition circulator must be notarized;

Statement of candidacy, which includes a request that the candidate's name be placed on the official ballot, the address of the candidate, the office sought, and a statement that the candidate is qualified for the office and has filed (or will file before the close of the petition filing period) a statement of economic interests as required by the Illinois Governmental Ethics Act; A receipt from the county clerk showing that the candidate has filled the statement of economic interests as noted above.

Other important dates for candidates are: Saturday, August 31, last day for filing objections to nomination papers in the office of the local election official. Wednesday, September 5, last day for candidates to withdraw from nomination.

## Top Honors

Seven members of the Antioch High School Color Guard took top honors in two different categories at the Smith Walbridge Camp in Syracuse, Ind. in late June. The group was elected overall best flag group and also best rifle group. Gerri Lasch also had an individual honor of being selected as most outstanding rifle for the entire camp. On the bottom row from left to right is: Sara Goetzelman, Gerri Lasch and Sandy Shkyria. On the top row from left to right is: Kathy Wertz, Christy Racz and Linda Antkowiak. Not shown is Joy Whitehead.

## AARP Installs Officers

The Antioch Area Chapter No. 387, AARP, is now on vacation. On June 25 the installation dinner was held at Andre's. Outgoing President Robert Ullrich was presiding.

The Rev. Lawrence Hanley of St. Peter's Church in Antioch gave the invocation. Guests were Antioch Twp. Supervisor Jim Fields, Virginia Marquardt, state director and William Green, asst. state director. Mayor Ray Toft of Antioch could not attend due to a prior commitment.

Marquardt was the installing officer for President Sam Lombardo, Vice President Dolly Spiering, Secretary Clara Haling and Treasurer Chester Schultz.

Certificates for outstanding service were awarded to Ruth Rynders,

Vicki Bock and Emily Novotny. A standing ovation was given to Ullrich as he handed over the gavel.

The annual picnic was held on June 27 and AARP participated in the Fourth of July Parade.

## Commission Seeks Director For Project

The Antioch Redevelopment Commission is receiving applications for the position of project director.

The Redevelopment Commission has set as the objective for the position a goal to be accomplished for the central business district in downtown Antioch. That goal is to provide an attractive specialty shopping center of local and regional appeal which enhances profitability.

The position requires a background of experience and education in small town

management. It would be a permanent full-time position with an annual compensation ranging from \$25,000 to \$30,000.

In an outline describing the duties that would be expected of a project director, it lists things that could enhance the attractiveness and desirability of the central business district for shoppers.

The outline also states that an administrator is required and lists the roles and skills that the administrator must possess.

permitted by the fire ordinance."

There must also be an NSF certified kitchen and personnel must be employed for food preparation and serving as their primary function.

Burdick said that despite the insistence by some downtown merchants not to let the tavern in, he thought that it could work out.

"We've had taverns in the downtown area before," he said. "Now there was some talk...the people were very vocal against a

tavern—strictly alcohol."

Burdick added that Mazzuca had said at the June 29 meeting that he intended to run a luncheon and food business.

Warren said that although the zoning board did not deny the motion, the redevelopment commission did some good anyway.

"We, the redevelopment commission, feel if the commission had not made an objection, they would have operated a bar downtown," Warren said.

# Purchase Of Brae Loch Hanging By A Thread

Another step was taken Monday toward acquisition by the county of Brae Loch Country Club—maybe.

The step was on so tentative, amounting to a hopeful sign for pro-Brae Loch members of the Lake County Forest Preserve District and a new test of the tenacity of the minority opposition.

What happened at a special meeting was approval by a 13-8 vote of a resolution to acquire the 152 acre midcounty golf layout that has been on the Forest Preserve District "shopping list" for eight years.

The vote and wording of the resolution means that Atty. Donald Morrison has the authority to negotiate with the owners of Brae Loch.

During some early parliamentary skirmishes, President Donald Strenger indicated to pro-Brae Loch commissioners that he would drop another veto on the hotly contested issue if the resolution was worded

"to purchase." In the early going of the July 8 meeting that lasted well into the afternoon, there was disagreement on whether Brae Loch should be the first, last or only item on the agenda. Strenger wanted to take up other business. Commissioner Norman Geary, the prime mover for Brae Loch, had to remind Strenger that the meeting was called for action on Brae Loch only.

The procedural vote favoring Brae Loch carried 12-10. Significantly, County Board Chairman James LaBelle of Zion voted with the Strenger bloc.

A new technique of the anti-Brae Loch group surfaced, amounting to what several commissioners called a filibuster. Both Glenn Miller of Long Grove and Bob Depke of Warren Township, members of the hard-core Brae Loch opposition, spoke at length. So did Commissioner John Balen of Waukegan, although he has supported

Brae Loch. Geary charged that the delaying tactics of the Anti-Brae Loch bloc amount to "the minority thwarting the will of the majority."

Commissioner Gene Martin of Libertyville, newly appointed to the board, voted with the majority on the resolution to acquire.

Strenger took the commissioners behind closed doors for a considerable portion of the meeting. The president reportedly reviewed the financial entanglements of the club. Discussion also was devoted to the character and background of some of the individuals interested in purchasing the course from the Witwicki family, it was learned.

Minority voters include Jim Fields, Fred Popp and Donna Mae Litwiler from Dist. 4, Jerry Beyer of Wauconda, Bob Neal of Wadsworth, Deloris Axelrod of Highland Park, Miller and Depke.

## Invite Groups

Official groups and clubs from Lake County will be admitted to the Lake County Fair free of charge on Wednesday, July 24.

Several of the commissioners congratulated Geary after the meeting. He accepted their encouragement somewhat glumly, observing that "the tail still is wagging the dog."

supporters, Sam Payne of Zion, left the meeting to attend the funeral before the vote to acquire was taken. Even though the Brae Loch question has solidified into a solid majority in

favor, the current status puts the proposal back into the hands of the land acquisition committee headed by Miller with a majority of committee opposed to Brae Loch.

## Need Singers For 'Tell The World'

Singers from high school age through the upper 20's are invited to join Tell The World singing group for the 1985-86 singing season. Rehearsals will be held at 7:30 on Sunday evenings and concerts will be presented at churches in the community and surrounding area.

Tell The World is sponsored by the Evangelical Free Church of Wauconda and is directed by Walt Martin of Island Lake. Martin has been involved in church music and barbershop quartet music since his own high school years.

He is a graduate of Valparaiso University. His wife, a Wheaton College graduate, assisted in organizing Tell The World

and continues to help manage the group.

"Here is a chance for Christian young people to make a musical contribution to the community while enjoying the social contact with like-minded youth," says Dr. Neil Brohm, pastor of the Wauconda Free Church.

Those who participate need not belong to the Free Church. This will be the sixth year for the group.

Area members of Tell The World are:

Soprano: Pam Bernhardt, Cindy Gravee, Dianna Hill, Ruth Johnsen, Sue Klingenhoff, Vici Kronberger, Brenda Lee, Cindy Lesperance, Joy Martin, Lara Pohlman, Lori

Rawson, Jeanette Ray, Tabra Ray, Amy Sheppard and Chris Swoboda.

Altos are: Heather Ghera, Molly Ginter, Patty Hagland, Sherry Hutchins, Pam Martin, Beth Pellant and JoAnne Teglmeyer.

Tenors are: Crain Blann, Greg Boyd, Tim Bryant, Jeff Cook and Mike Nelson.

Basses are: Tom Clausen, Chris Gregory, Brad Johnson, Jim Long, Bill Ort-

mann, Darrell Polka, Rich Rawson and Paul Vick.

The support people are Judy Lee, John Hallman and Les Webb.

## Do Re Mi's Third

Harmony Inc., recently held its regional competitions in Springfield. The Do-Re-Mi's of Libertyville placed third. This assures eligibility for international competition which will be held in Ottawa, Ontario in Nov. of 1985.

In the quartette division, 'Cameo Performance' placed first. Carol Campbell, lead from Waukegan, sings with the Do-Re-Mi's.

Baritone, Nancy Foris (Elmhurst), bass, Robin Gould (St. Charles) and Karen Gungel, tenor from

Hoffman Estates, sing with the 1984 Champion Chorus.

Village Vocal Chords, 'Cameo Performance', will also compete in Ottawa, Ontario, Canada in Nov.

The Do-Re-Mi's Chorus meets every Wednesday, at 7:30 p.m. in Grace Lutheran Church. Women who love to sing or would like us to entertain them with barbershop harmony can call Connie Aubuchon (312) 356-2040, Jean Noll, (312) 566-0382 or Mimi Pinney (312) 362-0383 for further information.

# Aviation Expo '85 Has Outstanding Roster

Aviation Expo '85 will be held at the Naval Air Station in Glenview, from 10 a.m. to 6 p.m. on Saturday and Sunday, July 13-14. The public is invited for open visiting, and admission and parking will be free.

The expo will feature dozens of aircraft on display, an airshow (pending FAA waiver), the M-60 battle tank and other military equipment, hot air balloons, a carnival and much more.

The aircraft on display will include everything from antique biplanes to the most modern military jets. Among the aircraft expected to be shown are: F-14 Tomcat, E-2 Hawkeye, C-130 Hercules, C-12 Super King Air, P-3 Orion and several modern military trainers.

Older aircraft include SNJ trainers, F4 Wildcat, PT26 UC73 Bamboo Bomber, JU-52 Junkers, P-38, FM2 Wildcat, A-26 Invader, KATE (Japanese torpedo bomber),

and a 1939 Bessie Coleman.

Also expected are a Jet Ranger helicopter, State of Illinois Lifeline helicopter, BD5 mini-aircraft, EAA biplane, Bell 206 helo, PT-19, Meyers OTW-145, FAA King Air, Piper L4B, Cessna 440A and 172RG, Aero Star, Stearman biplane, Aerocraft, Fairchild PT-23, Taylorcraft, Piper Malibu, Cessna 206 Amphibian, Fairchild 219, Waco, CT-58, ASK-21 Sailplane, C-98 Skytrain, and U-21, UH-1 Huey and HH-52A helicopters.

Coast Guard Air Station, Chicago, will stage a rescue demonstration, followed by a spectacular helicopter rappelling demo by members of the Army's 77th Military Intelligence Detachment, 12th Special Forces, Arlington Heights.

Pappy Boyington, the Marine Corps aviator who led the famous Black Sheep Squadron in World War II, will sell his books and talk to

the crowd at the expo. Ensign George Gay, the sole survivor from Torpedo Squadron Eight in the Battle of Midway, will also be there.

In addition to the full-size aircraft that will be shown, 30-40 radio-controlled models will be flown throughout the day by the Giant Aircraft Specialists. The International Plastic Modelers Assn. will also display their aircraft replicas.

An added attraction at the expo will be a Corvette/Vintage Chevy Peoples Choice Show co-sponsored by Corvettes Unlimited.

The show will feature "Show and Shine" parts swap, all-inside motorama, and a low-speed tin versus glass "Gymkhana." A one dollar donation will be asked for admission into the car show, with proceeds benefitting the Navy Relief Society.

Exciting entertainment

will be provided by the Marine Corps Drums and Bagle Corps from Albany, Ga., Great Lakes Navy Band, Navy Service School Drill Team, 50 State Flag Drill Team, and the Great Lakes Navy Chorus.

NASA will present an exhibit featuring a space suit, a mock-up of one of the space shuttles, and photos from space. Chicago O'Hare International Airport will also have a large indoor display.

Other exhibits will include the University of Illinois Dept. of Aviation; Coast Guard Auxiliary; 99ers (Women in Aviation); Illinois Dept. of Transportation; Federal Aviation Admin.; Prairie Aviation Museum; Intersonics; Great Lakes Maritime Museum; Confederate Air Force; DeVry Institute and Chicago Area Amateur Radio Clubs.

To get to the Naval Air Station from Chicago, take

the Tri-State Tollway (I-294) north to the Willow Rd. exit, go east to Pingston, south to Lake, and east to the main gate.

From I-94, go west on West Lake, north on Pingston and east on Lake to the gate.

## Tows And Paws

# Great America Slates Special Kids Fest Fun

Everyone knows it's great to be a kid at Six Flags Great America and it will be more fun than ever when the park hosts Kids Fest, a special 14-day celebration for the young at heart.

Every day during Kids Fest, July 15-28, Great America will be full of special events and activities designed to appeal to park guests, ages four to 12.

One of the most special aspects of Kids Fest is that all park guests, ages four to 12, will be admitted to Great America for half-price when accompanied by a full-paying parent or guardian. This special discounted admission is available only at the park's front gate during Kids Fest.

The fun begins when a sea of brightly-colored balloons are released to signal the opening of Kids Fest on July 15. From that point on, it's nonstop fun for two weeks straight!

Hometown square will be the place to be to see friends old and new. Great America's own Bugs Bunny and his Looney Tunes pals and other favorite cartoon characters, will be roaming the area, greeting the guests of honor and their parents and friends.

Marvel superhero, Spiderman, will be featured on the Hometown Square stage July 15-21 and everyone's favorite clown, Bozo, will be on the stage signing autographs and shaking hands from July 22-28.

In addition to these two

special guests, Mr. and Ms. Pac Man (from the popular television show and video game) and Chuck E. Cheese and his friends will also be present throughout Kids Fest.

As a special attraction, kids will be able to meet life-size Tonka Toys' GoBots Cy-Kill and Leader-1, and have their pictures taken with them. Also, 15 storybook characters, Little Bo Peep, Mother Goose and Dorothy from "The Wizard of Oz" will be spinning stories and telling tales.

And that's just the beginning. Hometown Square will be full of jugglers, magicians, clowns and even an organ grinder with a friendly monkey! A trained dog show will be held at 12:30, 1:30 and 2:30 p.m. on July 20-21, 27 and 11 a.m., noon and 1 p.m. on July 28 on the Hometown Square stage.

In addition to fun, Kids Fest will offer kids and their parents a variety of exhibits and activities designed to teach them about health and safety.

The Lake County Forest Preserve and Lake County Crime Stoppers are seeking information about racially motivated graffiti, which occurred on Sunday, June 2, at approximately 5 a.m., at the Spring Bluff Forest Preserve entrance near Winthrop Harbor.

Racially motivated sayings were spray painted on the road surface by person or persons unknown. The graffiti dealt with such items as the Klu Klux Klan and bigotry toward black people and anti-Semitic sayings.

If you have any information about this crime or any other felony crime or felony fugitive, contact Lake County Crime Stoppers at (312) 662-2222. If the call is long distance, call collect.

Remember, Crime Stoppers wants your information, not your name.

## Four Men Face Drug Charges

Four men who were arrested in connection with a drug bust with a street value of \$170,000 in late May, face an arraignment date of July 15 before Circuit Court Judge Bernard Drew.

A Wheeling attorney representing two of the defendants, Theodore Costa, 31, of Wauconda and Chris Bohan, 31, of Volo, asked for a substitution of judges and rescheduled the original arraignment date of June 27.

Costa, Bohan and two other defendants, James Fiebig, 23, and Michael Lima, 21, both of Rolling Meadows, were indicted by a grand jury for unlawful possession of cannabis and unlawful possession of cannabis with intent to deliver.

The investigation began when Illinois state troopers found 10 pounds of marijuana in a car which

Bohan and Costa were riding in. Their car was stopped in Wauconda on May 29 after the car matched a description of one involved in a burglary earlier in the day in Volo.

An anonymous tip to the police the next day, led police to a home in Volo, where officers found more than 200 pounds of marijuana and 15 pounds of a white powdery substance believed to be cocaine.

Bohan and Costa were also indicted for two counts of unlawful manufacture of cannabis and two additional counts of unlawful possession of cannabis and unlawful possession of cannabis with intent to deliver.

The charges issued involved more than 500 grams.

## Office Receives Awards

The National Assn. of Counties has announced that the Lake County State's Attorney's Office is the recipient of two 1985 achievement awards.

The achievement award program is NACO's way of honoring county activities that seek to improve the organization, service, delivery and management of county government. The State's Attorney's Office was the recipient of awards honoring their Victim Assistance Division as an outstanding division in 1982.

This year NACO recognized the Lake County State's Attorney's Child Support Enforcement Unit and the State's Attorney's Felony Review/Complaint Division as the outstanding programs in the country.

Both programs had been recognized throughout the State of Illinois as outstanding programs.

The Child Support Enforcement Unit has been recognized by Illinois Public Aid director, Greg Coler, as one of the top programs in the state.

Lake County State's Atty. Fred L. Foreman was invited to attend an awards luncheon with Gov. Thompson, State Senate president Phillip Rock and director Coler to recognize his program.

The State's Atty.'s Felony Review program has been in effect since 1983 and has greatly reduced problems relating to the Lake County Jail and also assisted local law enforcement.

# Raspberries To Ripen Earlier Than Normal

If strawberries are the fruit for Kings, then certainly raspberries are a Queen's fruit. This warm spring will ripen raspberries two weeks earlier than usual, Dick Breeden, of Wauconda Orchards, said.

The earliest red raspberry "Sodus" will be ready for picking in late June, followed by "Heritage" and "Bristol" a black raspberry. By the 10th of July the popular "Brandywine" purple raspberry will be ripe.

The Heritage red raspberry is an everbearing variety providing two crops—one in July, the second in late August. This is one of the very few fruits in this part of the country that bear twice in a same season.

Time was that every household garden had a small raspberry patch; but raspberries are difficult to grow and quite subject to anthracnose, a lethal fungus disease that spreads like wild fire. It is a challenge which is one reason there are relatively few raspberry farms in the Chicago metropolitan area.

Heider's Berry farm in Woodstock, phone (815) 338-0287, and fifteen acres of raspberries at Wauconda Orchards, Wauconda, Ill phone (312) 526-8553 are two farms relatively close to Chicago that offer raspberry picking.

Raspberry picking is a family fun activity for all ages. Raspberry bushes are chest high making the picking easy. Just gently part the branches with your hands and pick the berries with thumb and forefinger that come from the seed easily.

Raspberries should be eaten or processed fairly quickly after picking...three to four days. Refrigeration prolongs their life. If you wash the berries spread them on a cookie sheet to dry. Freeze berries individually by spreading them on a flat pan. they will taste exceptionally good at Christmas time when you

reflect on the fun you had picking them.

Here are some favorite raspberry recipes:

## Raspberry Salad

1½ cups applesauce  
2 pkgs raspberry jello dissolved in 2 cups of hot water (scant)  
2 pints of fresh raspberries or  
2 small pkgs of frozen raspberries

(If juice is added then use less water)

Place contents in small jello mold and refrigerate overnight.

## Raspberry Sauce

1 qt. fresh raspberries or  
1 lb pkg of frozen raspberries thawed  
½ cup sugar  
1 tsp rum  
2 tsp cornstarch

Instructions:

Cook raspberries to boil. Force through fine sieve. Return to pan and cook to boil.

Mix sugar and cornstarch. Stir into raspberries and cook, stirring constantly until thickened and clear.

Chill - add rum and serve over molded pudding, custard, ice cream, or angel food cake.

Handsom when served on a cake platter. Pour raspberry sauce over top and serve with a dash of whip cream.

## Raspberry Jam

Ingredients:

3 cups raspberries  
3 cups sugar  
3 tbsp lemon juice  
3 oz. liquid pectin

Instructions: 1. Put raspberries in a large pot; bring to boil stirring occasionally. Boil over medium heat for 2 minutes. 2. Stir in the sugar and lemon juice; boil 3 minutes. 3. Bring to rolling boil; pour in pectin. Boil for 30 seconds and remove from heat. 4. Beat for 5 minutes; pour into hot sterilized jars; seal immediately.

Microwave Raspberry Jam - stored in refrigerator or freezer

Ingredients:

Approximately 3 cups fresh raspberries or black raspberries

1½ cups sugar  
2 tbsp fresh orange juice  
butter

Instructions:

Lightly crush fruit in 2 quart glass measure. Stir in sugar and orange juice. Rub butter to inside of rim of glass going down into the glass one inch.

2. Microcook; covered with wax paper on high 5 to 8 minutes until mixture boils. Stir. Microcook uncovered on high stirring occasionally 14 to 18 minutes until mixture coats a spoon and drips from the spoon in sheets. 3. Put into clean freezer container; leaving 1 inch head space. Freeze solid up to 6 months; or refrigerate tightly covered up to 2 months.

The entire process will take about 25 minutes.

Old Fashioned Raspberry Shortcake --- for strawberries or raspberries

Ingredients:

1 quart fresh raspberries or frozen thawed raspberries

2 cups flour  
2 tsp baking powder  
2 tsp sugar  
¾ tsp salt

¾ cup shortening (butter or margarine may be substituted)

1 egg (beaten)

¾ cup milk

Instructions:

1. Sift together flour, baking powder, sugar and salt in a mixing bowl. Add shortening - mix until crumbly, as for a pie crust.

2. combine beaten egg and milk

3. Add all at once to dry ingredients, stirring only until well blended. 4. spread in to a well greased 9 inch pie pan or square pan.

5. Bake at 400 F for 20 minutes or until golden brown.

6. Add 1 to 1½ cups of sugar to raspberries and crush gently in a bowl.

7. Pour crushed raspberries over shortcake. Top with whip cream if desired.

## Along the way with ANNIE MAE

Has everyone recuperated from two weekends in one week? It does take a lot out of you, doesn't it! What a Fourth of July. The festivities were absolutely great; the bands were just tops in adding a festive touch and of course the parade was fabulous.

Did you see all of the floats this year? Everyone had better start thinking of what you are going to do for the up and coming parades. The floats are such an added touch. Of course it would not have been a parade without the great high school band!

The Miss Antioch Pageant was another lovely sight over the Fourth. Miss Antioch Janice Van Patten will certainly make Antioch proud at the Lake County Fair Pageant. Congratulations Janice! All of the girls in the pageant made a lovely looking stage!

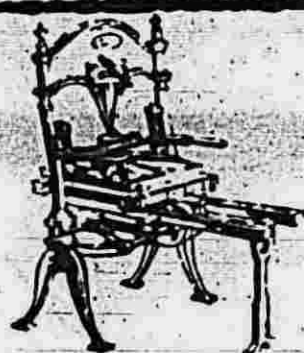

I understand the water fights were as exciting as usual, and vicious vollying swept through the womens fights as though those gals were standing still. She is good!

Antioch Electric took first with Lake Villa Rescue in second and Antioch Rescue third. The guys had a bit more of a struggle but Vos Carpentry took first. For the third year, Red Carpet Land Office second and Antioch Rescue third. Anyone wishing to take waterfight lessons should contact Antioch Electric — Gail's the best in town!

There sure were a lot of unusual vehicles floating about town over the celebration. Did you see the Queenly Limousine floating about in bright green? And of course the unusual police car sporting the Blues Brothers — not to mention all of the great old cars that were in town: a dune buggy, golf cart and a skiing skateboard. You never know what you will see buzzing about next. Of course the fleet of convertibles are as beautiful as one could ever find!

The fireworks came close to weathering the storm! Ernie Levas and his guys made the day by keeping everyone happy with their performance under the pavillion. He and Billy Damron could settle a riot. They are one great team!

The village has some more celebrating coming up according to the grapevine! Police Chief Chuck Miller is celebrating on July 14 and Bill Smith on July 16. Our Mayor will be celebrating on July 19! I think the entire community will join in and wish him a happy birthday!! And happy birthday to all you guys!

## The Time Machine

### Ten Years Ago: July 2, 1975

Following leads and contacts involving even the New Orleans Police Dept., the Antioch force arrested two Wisconsin men suspected in the June 11 burglary of the Western Autostore at Rtes. 59 and 173.

The lives of Antioch's beautiful maple trees are being seriously threatened. The culprit is a bug known as the "cottony maple scale." In an attempt to save the trees, the village has to spray...and spray quickly.

Fire blazed at the Hilltop Cage, Grass Lake and Bluff Lake Rds., early Saturday morning, causing an estimated \$8,000 worth of damage.

The Circus Drive In, Rte. 59 and Grass Lake Rd., was the victim of an unusual burglary last week: picnic fixin's.

### Thirty Years Ago: July 7, 1955

From a business standpoint, July 4 and the weekend that preceded it was one of the biggest in the history of Antioch. Sales skyrocketed, especially for the food stores which were practically cleaned out.

The Independence Day holiday passed with no fatalities in Lake County, but there were a number of accidents.

The village board Tuesday evening asked Atty. Edward C. Jacobs to investigate the new state law permitting a half cent village sales tax. The tax would be in addition to the half cent tax which the state added to its previous two cents sales tax, and receipts would be applied for local expense.

### Fifty Years Ago: July 11, 1935

Taking advantage of favorable weather in the past week, the road builders on Rte. 173 gap will have completed pouring concrete for the new road this week. The only cement work to be finished is paving the intersections of the new route at Rtes. 54 and 59.

The cost of running the village government of Antioch for the next year was set at \$14,800 in the annual appropriation ordinance approved by the board of trustees at the July meeting.

Since Jim Londos was tossed from his lofty perch as champion heavyweight wrestler in his match with Danno O'Mahoney in Boston last week, "Big" Jim McMillen, the ace Antioch matman and leading contender, is ready to start a new campaign for the world's wrestling title.

## Brown Earns Masters

Deborah L. Brown was among the 120 students who received their MBA or MSM degree from the Lake Forest School of Management.

Brown, who is vice-president and trust officer at the State Bank of Antioch, lives at 821 S. Waveland, Lake Forest. She was granted the Masters of Business Administration degree on June 5 from the school which provides advanced education and development to experienced managers.

The Lake Forest Graduate School of Management, located on the campus of Lake Forest College, offers a non-credit program and various seminar series as well as the Masters Program to the over 600 students who attend classes on a part-time basis.

## Area Groups Represent Antioch In Parade

by ARDEEN HARRIS  
(312) 395-2761

Well, the Fourth of July is over with parades, parties and fireworks everywhere. The local AARP had a very patriotic float in the Antioch parade. Did you happen to catch Betsy Ross sitting in her rocking chair working on the flag? It's a good thing she told me who she was, or I never would have guessed it was our own Clara Haling.

The Grass Lake Cub Scouts Pack 80 were well represented at the parade with their leader John Fleshman and Cindy Vandrush marching with Richie Castillo, Joe Splitt, Jeff Fleshman, Jason Kaufman, Justin Ward, Brad Priller and Den Chief Mike Priller.

Natalie Madden was also in the parade with girls from the various baseball teams marching with her: Cathy Chinn, Monica Madden and

Corky Madden.

Alyce's All Star Baton Twirlers were marching and twirling their way up to Williams Park with Kathy Harris, Tara and Tiffany Christopoulos, Tricia, Deanna and Missy Olenick and Jenny Bransam carrying the banner. The All Star's were also in the Mundelein parade on July 7. Their group received a second place trophy for their twirling efforts.

Brownie Troop 1366 also participated in the parade, but we'll have to report on the marching girls next week. Everyone thought Linda Boerman was part of the parade group as she drove into the Antioch High parking lot. When they realized she didn't have a number, she had to move her vehicle onto the street.

If I missed your group and you are from the Grass Lake

Area, give me a call and I'll put you in next week's paper. Congratulations to the brave families who were canoeing last weekend with the Pack 80 Cub Scouts. Those who braved the rapids of Nippersink Creek were The Vandrush Family, the Fleshman Family and Jun Hansen.

Rita and Raymond Cool from Phoenix, Ariz., have been the guests of Howard and Eileen Stann. The Cools are enjoying their stay in cool Illinois. They left

Arizona with temperatures of over 100 degrees. Raymond is an ex-Navy man and was enjoying his tour of the Chain-o-Lakes until his navigator admitted that he was lost. Finding their way back to the correct channel and once safely on land, Raymond vowed that he would remain a "landlubber" for the remainder of his trip.

Clara Haling had a very busy Fourth of July. Besides riding in floats, it was her birthday. Happy Birthday to you, Clara!

Congratulations Christine Mattson, who won the title of first alternate to the State Pageant of Stars Tomorrow, which was held in Peoria. The pageant was based on beauty, model and talent potential. Christine will be going to national competition in Louisville, on August 20. Pageant sponsor is Modern Home Products Antioch.

Chris would also like to thank the following people for their help in making all possible: John Jewelry, Jack's 4-Square, Corbin Travel, Charney Hanrahan Assoc., Sports, Las Vegas Restaurant, Jack Hallmark, Textile Enterprises, Energy Saving Products, Center Point Pizza, Knights of Columbus in Westmont., Mr. and Mrs. Andrew Skoven, Mr. and Mrs. Mattson, Wovak's True Value, 25 Club, Hercules Tool, Raymond Chevy and American Hair Lines. Good luck to you in Kentucky!

Remember to call with your news!

## Troop 92 Wins First Aid Awards

Antioch Boy Scouts of America Troop 92, tied for first place at the Northeastern Illinois Council first aid competition conducted at the annual scout show on the Lake County Fairgrounds.

The six patrols that participated in this council-wide event had each won honors earlier this year in their district first aid meets. The seven districts that comprise Northeast Illinois Council cover the Lake County area. As Troop 92's Viking and Panther Patrols won first and second place, respectively, at the Lakes District meet, each patrol was eligible to compete.

The council competition involved the simulated diagnosis and treatment of real-life first aid problems such as fractured bones, burns, lacerations, poisoning and heat stroke. The patrols were given three 50 point problems, each requiring the treatment of two "patients". They were judged on such criteria as problem analysis, problem reporting, treatment and teamwork.

Troop 92's Viking Patrol

earned 144 of the 150 possible points and tied for first place with Deerfield Troop 55. The Patrol consisted of Patrol Leader Mark Aschbacher, Eric Anderson, Matt Aschbacher, Dale Gade, Brian Paschke and Dave Weston. The patrol won a plaque and the competition's traveling trophy for six months.

Although Troop 92's Panther Patrol did not place in the top three slots at the council competition, members of the patrol who participated included Patrol Leader Bob Paschke, Danny Ravens and Ken Wisniewski. Attending the event were Scoutmaster Bernie Dost and Senior Patrol Leader Brian Clark. Troop 92 scouts have received their first aid training from the troop's leaders and advanced scouts and from the Antioch Rescue Squad. The troop is sponsored by the Antioch Moose Lodge.

One week after the Northeast Council First Aid Meet, troop 92 scouts put their first aid skills into practice while they were camped at Governor Dodge

State Park near Madison, Wis. Scout Matt Aschbacher fell while running through a rocky area and broke his leg at the growth line. Scouts Andersen and Kaufman, Paschke and Weston immediately came to his rescue.

Aschbacher straightened the leg in its joint and the other scouts made a leg splint using sticks and their shirts. Subsequently, they carried the injured scout back to the campsite having formed their arms into a chair. The doctor who treated the leg credited the scout's first aid knowledge for having minimized the injury.

# Rescue Squad Lauded, Russ Knows First Hand

(Editor's note: Russ Fairchild, known as "Antioch's Stroller" for his personalized accounts of persons he meets, presents his view of what the Antioch Rescue Squad means to the community).

by RUSS FAIRCHILD

Hi, folks! You know right there in our own township, we've been blessed with one of Lake County's highly accredited assets.

The Antioch Rescue Squad, David Heath, captain.

On many an occasion during the past four years, since Ginger had her severe stroke, they've responded faithfully to my calls. Unselfishly, at all hours, day or night, not even a coffee break.

Some paramedics on foot answer their own beepers. Others, not on the actual squad car, come in their own vehicles. Dedicated

## CORRECTION

An article in the July 4 issue of the Antioch News-Reporter incorrectly stated that Peppermint Stick Preschool in Antioch received a renewal of the Child Development Assn. Credential. Ruth Jeans, a teacher at the school was awarded by the CDA Credentialing Commission. The article also incorrectly referred to Jeans as the owner. The owners of the preschool are Lucille Doherty and Johanne Crawley.

professionals with one thought in mind. Help someone in distress - perhaps save a precious life. Whatever. Get there!

And what a mixed lot. Some responding in casual clothes like Tim Osmond or Big Jim Haley. Others half-dressed, unshaven and unnamed. (Oh, you know who you are). Then there are those fashion plates like Bill Georgeson and Brad Ipsen, dressed to kill - looking real good - until they hit my place - or anybody's place for that matter.

We're not special. But they are. They're the ones who are special. Like my last call recently, when Mark Harasti placed an ice pack onto Ginger's broken ankle and then quickly followed thru with an inflated protective balloon to cover her leg.

You observe Brad and Big Jim, sweat and strain along with Mike and others to place the "dead" weight of Ginger onto a board from the floor, when they can't use the cart in close quarters. Struggling with furniture impeding their progress. Can't exit the front way. So the hard haul thru the kitchen, the garage and finally out onto the driveway.

Now, this physical exertion (which could rupture) and expertise, can't be measured in dollars and cents. Yet, that's exactly what it takes to maintain and sustain their rescue squad.

Sometimes, perhaps, there are those among you who maybe, without thought or

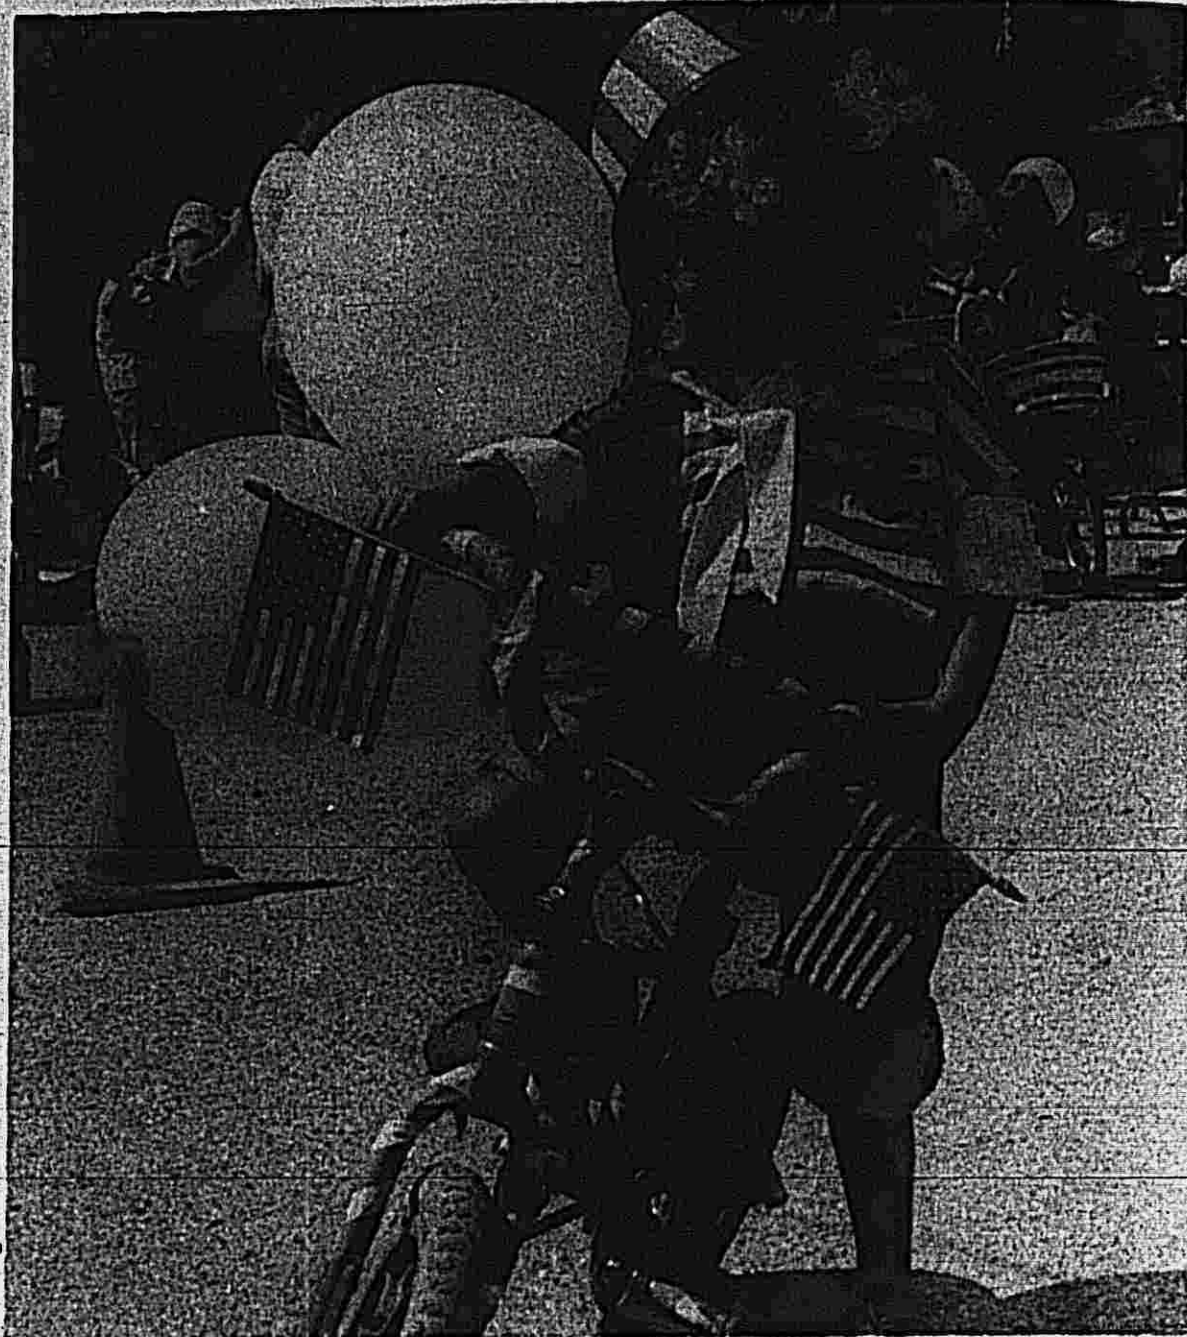

realization, more or less take them for granted. "They come with the territory." Yet, you'll favor yourselves with nonessentials and neglect the important human factor. Then when the chips are down, humility sets in.

A shining example, like when unpaid, unsung, smiling Sid Parker answers your call for help. You've just engaged the services of one of the finest ambulance drivers around, and when he wheels his vehicle expertly in and out of heavy traffic to transport you to Victory Memorial Hospital, you know you've just had it!

Let's digress a little. Haven't you ever in the past, given serious thought, while lying in bed late at night, what you'd do if an emergency arose for either yourself or a loved one? How you'd cope with the problem? And there wasn't anyone out there to hear your pleas for help. No one to turn to - no one who cared or gave a damn. Frightening, isn't it? Another repeat of "Little House on the Prairie."

Yet, you can avoid this frustration, by helping to keep the whistles blowing and the bells tolling in times of anxiety and trouble, with your donations.

Just remember, that the bells that'll really sound the loudest, if neglected and forgotten, yes, ... are the ones you won't hear ... so, let them toll for thee .... "They're on Their Way."

# Approve Wage Increase

The College of Lake County Board of Trustees approved the employee salary and fringe benefit package for the 1985-86 fiscal year at its last meeting.

The new package provides an 8.5 percent wage increase for classified, para-professional, professional and administrative staff, the vice presidents and provost.

In addition, classified and para-professional staff received a \$200 increase in the discretionary allowance; professional and administrative staff received a \$100 increase in the discretionary allowance.

The board also awarded CLC president John Hunter a new five-year contract.

In other action, the board authorized the establishment of a self-funded dental insurance plan for CLC employees. The new dental plan provides the same coverage as insurance purchased in past years from commercial carriers. The success of the college's self-funded medical insurance plan, established in January, 1984, was a major consideration in the decision to establish a self-funded dental plan.

The 1985-86 preliminary budget was approved by the board. The budget provides revenue of \$14,494,407 for the Education Fund and appropriations of \$14,644,407. The \$150,000 deficit equals the amount budgeted for contingency.

## McConnel Gets Mayoral Nod

Wauconda Village Clerk Venita McConnel has picked up another major endorsement in her campaign for the Republican nomination for Lake County Clerk in the 1986 elections.

Walter R. Clarke, who has served as president of the Village of North Barrington since 1983, issued a statement to Lakeland Newspapers supporting McConnel's candidacy.

Clarke maintains that "I most heartily endorse her as a viable sincere candidate who, if elected, will do an excellent job for the people of Lake County...she has an excellent background for the position with her work in the Village of Wauconda. She is amiable, conscientious, dedicated and intelligent...It would be great to have her as county clerk!"

Clarke has served as president of the Cuba Twp. Republican Club. Cuba is the strongest GOP township in Lake County. Before his election as president of Nor-

Venita McConnel

th Barrington, Clarke was a village trustee from 1975-79. Last year, he was appointed a member of the Board of Directors for Technology Research Corp. (TRC).

Clarke was a former director, vice president and chief marketing officer for Square D Co., retiring from that firm in 1982 after 42 years of service.

## Board Reappoints Hunter

The College of Lake County Board of Trustees reappointed CLC president John Hunter for five years at the board meeting on June 27.

"The board is very happy with the direction the college is taking under Dr. Hunter's leadership," said Richard Anderson, chairman of the board. "CLC has not been stagnant. We are moving on the new wing, enrollment management, high technology, the revitalization of the liberal arts and much more, all as the result of his leadership. CLC is fortunate to have him," he added.

In accepting the reappointment, Hunter said, "I

John Hunter

hadn't expected it but I appreciate it very much. I believe it is an expression of the board's confidence in the governance relationship we have developed and I shall do my best to be faithful to that relationship as I understand it."

It's sad.

We can't take it for granted anymore that our children will make it to school, or the store, or the movies, and back.

We can't be sure it's safe for them to play in the park, or the schoolyard, or even the front yard, alone.

Until we can again, until they're finally out of danger, we're turning every Edison employee into family. To give kids in trouble or lost someone to turn to, someone who cares, when there's no police officer close by.

It's not a solution to the problem by any means, but it's a start. A team effort that all of us at Commonwealth Edison take very seriously. Especially the hundreds of crews we have working out on the streets.

Your kids can spot our trucks a long way off. When they see that big E in our logo, or the E-team emblem, they'll know they're among friends.

Please, tell 'em to look for us.

## It's The Law—Now!

Maybe you've noticed. Gasoline costs a little more. That's because of a penny a gallon motor fuel tax increase that became effective July 1 along with the new seat belt requirement and several other changes.

Other changes now on the books include free medication for low-income senior citizens, a free ID card for the handicapped, possible higher wages for workers earning less than the minimum wage and new guidelines for filing paternity cases. The wage change affects workers now earning less than \$3.25 under the final phase of a program geared toward bringing the state's wage rate up to the federal minimum.

The seat belt law applies to nearly all vehicles driven in the state, including those from out-of-state. If seat belts have been removed from a car, they must be replaced. Exemptions to the law include:  
—Cars built in 1965 or earlier.  
—Drivers or passengers frequently stopping

or leaving a vehicle if the speed between stops does not exceed 15 mph.

—PERSONS WITH A written medical or physical exemption.

—A driver operating a motor vehicle in reverse.

—A motorcycle or motorized pedalcycle.

—Rural letter carriers.

The gas tax hike will register a penny a gallon difference on all petroleum products intended for use as fuel in a motor vehicle. Revenue from the motor fuel tax helps fund an \$884 million road repair and construction program for the state in 1986.

THE MOTOR FUEL tax increase to 13 cents a gallon is the last of a three-step raise bringing the total tax on a gallon of gas to 28 cents, according to the Illinois Petroleum Marketers Assn. That figure includes the six-cent state sales tax and a nine-cent federal motor fuel tax.

## Uncertainty Invited Defeat

There was one question left unanswered by officials of Warren High School in presenting the emergency referendum to voters of the district on how to house their students in the aftermath of a tragic holiday fire. That was the answer to wonderment over what would happen if the \$17.6 million proposition failed to win approval.

Perhaps school officials were too busy working on passage of the issue to deal with the possibility of defeat. Perhaps they felt defeat was so remote so as not to waste time on such a consideration. Were they over-confident? Was defeat unthinkable? Whatever the reason, failure to address the possibility of defeat might have been the soft spot that undermined confidence of voters

and prompted many of them to reject the building plan for that reason alone.

It's post mortem time, of course, and the school board will have to look at many angles. Obviously, they can't ignore alternatives to defeat now.

It's difficult to understand why Supt. Paul Rundio and School Board President Bert Haglund have acted so indecisively about Warren High's options when so much is at stake. Almost a week after the lopsided defeat of the referendum, Warren officials still was presenting a public posture of hand-wringing and uncertainty. No wonder a plurality of 1,000 saw fit to defeat plans for building a new school.

## Farewell To The Fair

May it rest in peace: The 1982 World's Fair.

Few issues in Illinois history have resulted in such a hodgepodge, such a clash of vested interests as the question of whether a world's fair should be staged in Chicago. Chalk us up with those who feel the powers to be made a wise decision in scuttling the venture.

The proposition gets totally out of hand when taken to the Illinois General Assembly for public funding, meaning that every citizen in the state would have to help in fund-

ing the exposition. How absurd! The "everyone into the pool" concept might have found acceptance if every man, woman and child had been guaranteed one free admission. That offer was never made.

Political leadership in both parties avoided biting the bullet that the fair was a gigantic turkey. Gov. James Thompson hardly did himself credit by parading John Kramer around telling everyone how much the fair would benefit them. With a straight face, Kramer came to the Lakeland Newspaper offices to recount the economy benefits that would accrue to Antioch, Grayslake, Mundelein and their neighbors by having a big fair in Chicago. Come again, John?

We agree with the assessment of State Rep. Robert "Bob" Churchill (R-Lake Villa). Churchill said most Republican legislators were skeptical about Chicago's ability to manage the fair in light of constant political infighting. That and the horror stories about charges of \$35 to unhook a wall plug assessed by Chicago unions dealing with exhibitors. The fair would have made past grafting pale in comparison.

The shame of it all is that the silly fair issue took so much time from important business in the General Assembly like education reform, Gov. Thompson's "Build Illinois" program, interstate banking and utility reform.

A feasibility study commissioned by the General Assembly indicated that the fair could expect to have a shortfall of at least \$22 million. That's one deficit we won't have to worry about.

## Editor's Viewpoint

### Take Heed—Seat Belt Law Is For Real

by BILL SCHROEDER

Might as well get used to it, folks. The new seat belt law is here to stay.

A mini survey taken by this observer the past several days proved that a majority of drivers are complying with the new "buckle up" law that went into effect July 1. But it's only a simple majority, meaning a lot of drivers technically are violating state law.

The seat belt law provides for a 30-day grace period so the scofflaws will have plenty of time yet to get used to the new law.

At first we wondered how the law would be enforced with the idea that it is difficult to tell whether a driver has the belt affixed. It only takes a little practice, though, to spot whether a driver is obeying or ignoring the law. A police officer trained in observing will have no difficulty in spotting a violator.

Seat belt doubters should not bank on the "buckle up" law going the way of Prohibition. Support is so broad and deep that the organization formed in 1984 to support passage of the automobile safety belt use law, the Illinois Coalition for Safety Belt Use (ICSBU), is going to remain in business with a Springfield office and full-time executive director.

ICSBU is funded by Traffic Safety Now, a national non-profit organization created to help educate the public on safety belt use and supporting passage of safety belt use laws in all 50 states.

To phase into seat belt enforcement and keep public support at a high level, police first will issue warning tickets.

Under new legislation, both drivers and passengers in the front seat of a vehicle will be required to wear a seat belt, and drivers can be held liable for passengers under age

16 who don't comply. Violators will be subject to a \$25 fine.

The law makes a seat belt violation a "companion" offense, meaning police can issue a ticket to someone not wearing a seat belt on a traffic stop for another violation, but won't be pulling a motorist over for that offense alone. In addition, a violation of the seat belt law is not considered a moving offense that could lead to the loss of a driver's license.

No doubt that after the word gets around that doubters have paid \$25 fines, compliance will jump dramatically.

**NOT RUNNING**—Deputy Sheriff Willie Smith, long-time member of the Lake County Sheriff's Dept., called this column to inform us that he will not be a candidate in the 1986 primary against his boss, Sheriff Robert "Mickey" Babcox.

"I wouldn't think of running against Sheriff Babcox. He's doing a great job. I am very happy to be doing what I'm doing," Smith related. Reports circulated briefly that Smith was considering running. He has been with the sheriff's office 18 years.

**BROKEN PROMISES**—Pop singer Barry Manilow might have a future in politics. He breaks promises like an old pol. Not only did he wobble on plans to have a group of girls from Carmel High School perform with him during a Chicago-area concert, he also forgot all about a \$500 donation he was going to make to the school, part of the deal. It'll be easy to tune out on this star with a bad memory in the future.

## Letter To The Editor

### Leadership Lacking

Editor:

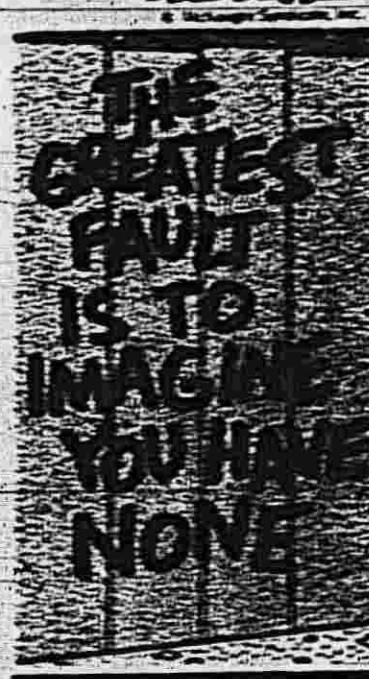

Attending a Lake County Forest Preserve land acquisition committee meeting chaired by Jim Fields of District 4, it became obvious that the leadership of the district has lost sight of its purpose for existence. If Commissioners Rostron and Balen weren't present, it would have sounded more like a Chamber of Commerce meeting than the Forest Preserve Land Acquisition Com-

mittee meeting. If the same attitude prevailed over the last decade, we wouldn't have preserved enough land for a World War II Victory Garden.

I believe President Strenger's appointments to that critical committee, coupled with his veto of the Brue Loch purchase, is at best extremely poor judgement. And indeed it casts a dark blemish on his otherwise very credible record as district president. In my judgement, endangering

# Game Gives Inexperienced More Chance

by BILL SACHEN

On Wednesday evenings at the Waukegan Bridge Center, we have changed the regular duplicate game to a Handicap Game. A Handicap Game is scored the same as a regular

## BRIDGE

duplicate game except that at the end of the game, points are added to the scores of all the players except life masters. The less points a player has, the larger the handicap. This gives less experienced players more of a chance to place in the standings.

Today's hand is from a recent Wednesday evening game. Jennifer James, of Waukegan, was sitting South, Jerry Poliquin, of Waukegan, was sitting North, Martin Richards, of Gurnee, was East and I was West. Jerry passed, Martin opened 1C, Jennifer overcalled 1H, I passed and Jerry raised to 2H. With Martin and I passing the rest of the auction, Jennifer bid 3D, Jerry bid 3NT and Jennifer bid 4H.

When you hold four cards in the opponent's trump suit, it is usually good strategy to force the long trump hand to ruff. You may end up with more trump than the opponent. Against 4H, I led the Queen of clubs, Martin's bid suit. Jennifer ducked in the dummy and ruffed in her hand.

She led a small diamond, with which I won

with the Jack. I should now have continued with the Jack of clubs. If she ruffed again, I would have more trump than she and the hand would fall apart. No matter how she played after that, she would have down two tricks.

However, in a mistaken attempt to cut down on dummy's ruffing power, I switched to a trump. Jennifer was now in control. She knocked out the Ace of spades and Martin switched to the King of diamonds. Jennifer won the Ace, cashed the top spades and cross-ruffed clubs and diamonds for 10 tricks.

## Saving money by using less gas

# THE UNHANDYMAN'S GUIDE TO CAULKING AND WEATHERSTRIPPING.

One of the best ways to save money on energy costs is to make improvements on your home that will help you use less energy.

One of the easiest and most worthwhile things you can do is minimize your heating and cooling loss by caulking and weatherstripping.

If you live in a typical home and install caulking and weatherstripping, you can trim your energy cost for heating by up to \$40 per year. You'll recover your investment in two years or less, and after that it's money in the bank.

Caulking and weatherstripping your house requires a minimum of tools, time and know-how. Even not-so-handy homeowners can easily handle this job. You use caulk to plug air leaks outside and weatherstripping inside to seal the openings around doorways and windows.

### "LET'S TALK CAULKING"

First, survey your house from the outside. Look for gaps in the exterior walls where you need caulk. Note any missing or sun dried caulk especially on the south side of your house.

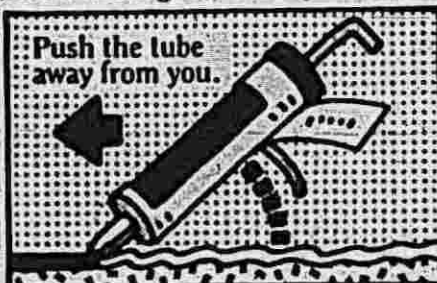

Here's where to look:

- Around all window and door frames
- Around exhaust fan outlets (bath, kitchen or laundry)
- Around window air conditioners
- Around holes cut for hose faucet, wires and pipes
- Around the chimney
- Around lighting fixtures
- Where masonry and siding meet.

Caulk is a flexible sealant designed to fill cracks and gaps in fixed joints of a house. One tube will fill about 25 feet of a narrow 1/4" crack or two small windows. In home centers and hardware stores you'll find a variety of caulks to choose from, but don't let that scare you. Ordinary latex caulk is easy to use and cleanup, and a good bet for the first time user. Siliconized caulk is more expensive, but it lasts considerably longer. If you can afford to use a better grade of caulking you won't have to re-do the job every few years.

Check the label to see if the caulk can be painted, how long it takes to dry, the type thinner recommended for cleanup and what the temperature requirements are. Don't forget to purchase a caulk gun, unless you purchase caulk that comes in pressurized cans. Caulk guns usually cost only a few dollars.

- Clean out the joint thoroughly and let dry.
- Cut the tube tip off at a 45 degree angle making a 1/4" opening.
- With the tube in the gun, break the seal with a nail.
- Place the nozzle in the crack and squeeze the trigger while pushing the tube away from you to fill the gap.
- Fill deep cracks with several beads of caulk.
- Clean up immediately and put a nail in the tube nozzle to save for re-use.

### WEATHERSTRIPPING—THE INDOOR SOLUTION

Weatherstripping is the best way to stop air leaks.

To detect hidden drafts inside, make your own distress flag by taping a piece of tissue to a pencil. On a breezy day use this detector to find air leaks by holding it near window sills and doorways. If the tissue moves, you've located a spot that needs weatherstripping. Here's where to look for drafts: ■ Around all windows and door frames ■ Space around pulleys in double-hung windows ■ At electrical wall outlets and switches in exterior walls ■ Around heating registers.

Weatherstripping comes in many forms. For instance there are threshold weatherstripping materials designed to fill the gap between the bottom of a door and floor. For doors and windows, there's spring metal or brass weatherstripping that's inexpensive and effective. Self-adhesive plastic weatherstripping is more expensive but easier to install. As a handy temporary sealer, you can use caulking rope or cord.

For electrical outlets and light switches, low cost foam rubber gaskets can be used to seal gaps. And, in your garage molded stripping is available to seal your garage door.

Installation is easy and you'll find instructions with each of these products. Metal weatherstripping is easily cut with a heavy scissors or tin snips. Plastic is cut with a knife or scissors. Before applying adhesive-backed weatherstripping, clean the surface behind the glue for maximum grip.

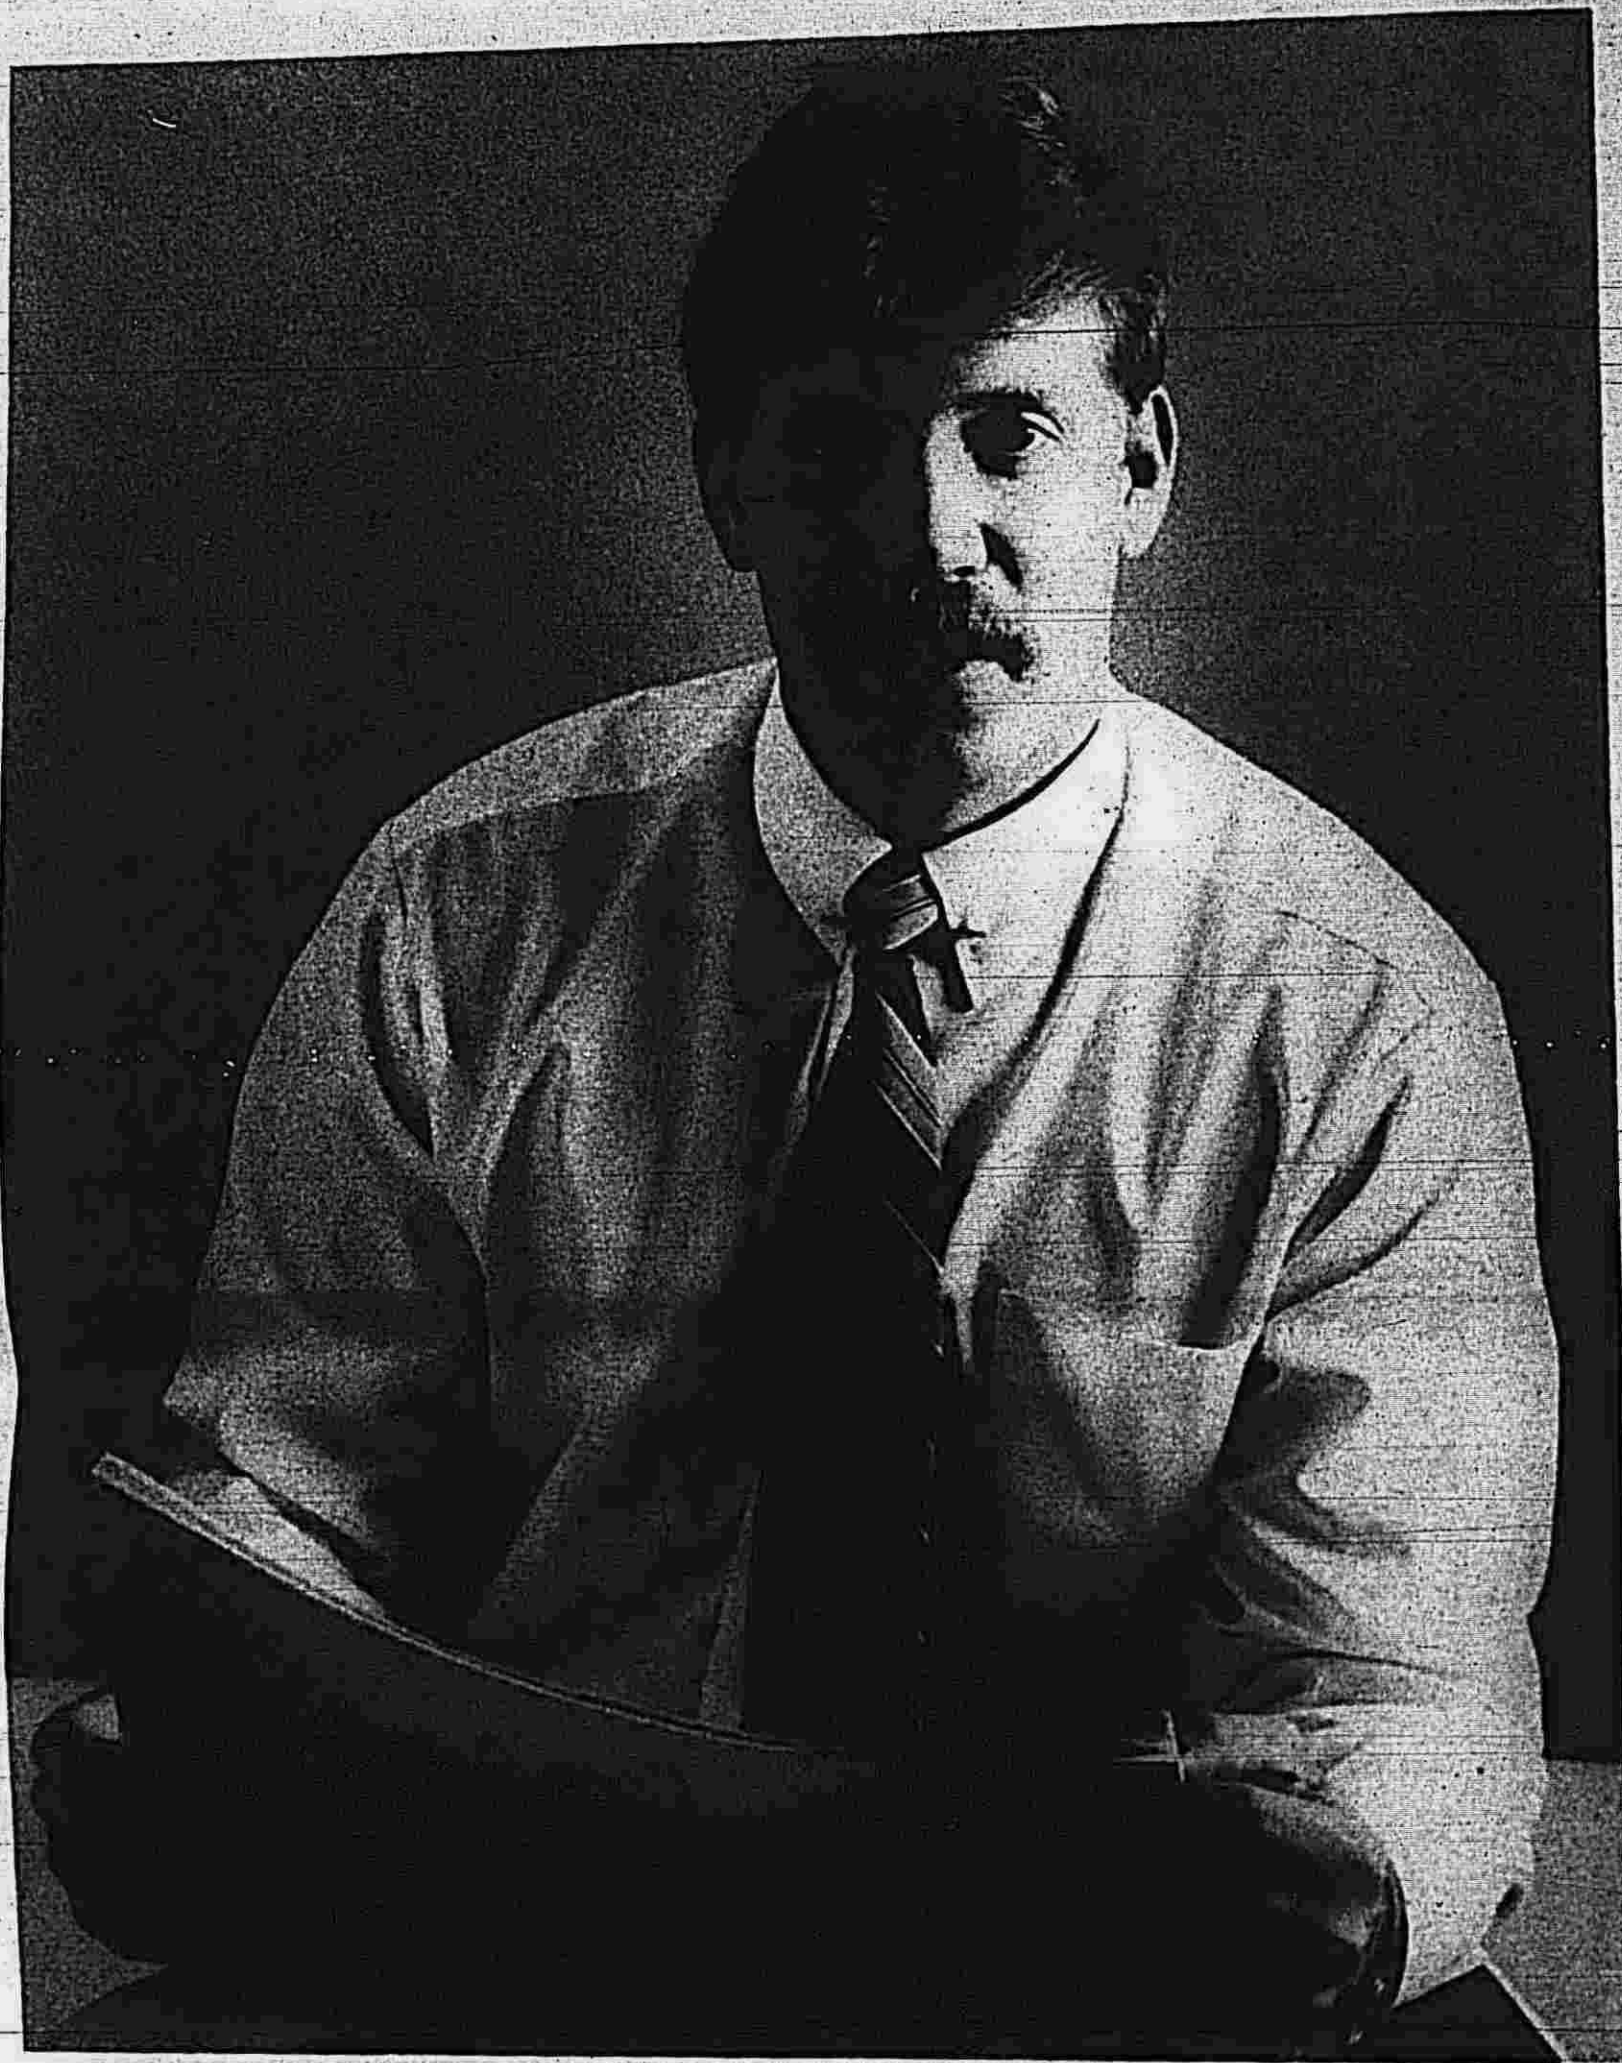

**NOW'S THE TIME.** Now's a perfect time to get to work on projects like caulking and weatherstripping. So why not start now? It'll be money in your pocket, when next winter rolls around.

# Barkhausen Will Test Sense Of Timing Again

By JOHN STEINKE

When Willie Nelson composed the song, "On the Road Again," he must have been thinking of State Sen. Dave Barkhausen (R-Lake Bluff). Barkhausen is seeking the Republican nomination for Ill. Atty. Gen. in the 1986 primary election. His political aspirations are unlimited, and his constituency is the Free World. He is a suitcase Republican whose political philosophy is: "Have candidacy will travel." Barkhausen will follow any road map to advance his political career. He has run for the General Assembly from Southern Ill. to Waukegan to Lake Bluff.

Perhaps, Barkhausen symbolizes the new-styled politician that has emerged in the rootless suburban areas. He is a transient politician with a commuter constituency. He is a plastic personality, but he possesses a tremendous sense of political timing. Barkhausen is the dullest politician on this side of the Iron Curtain. When the temperature hits 80, Dave's face starts to melt. Did you know that State Sen. Barkhausen's feet are stamped: Made in Japan?

The 35-year-old Barkhausen's profession is being a full time campaigner. First, he chose a wealthy father. Barkhausen holds his undergraduate degree from Princeton University and his law degree from Southern Illinois University. This Ivy League graduate can concentrate on his political career without worrying about his financial security. Unlike the rest of us, who spend half-of-our lives in K-Mart and Ben Franklin, Dave and his Nannie can focus full-time on his presidential ambitions. If you like a candidate without dirt under his fingernails, Dave Barkhausen is your choice.

In 1976, Barkhausen was defeated in his first quest for public office. He failed in his bid for state senator from the 59th District in southern Ill. He lost to Democrat Gene Johns, 49,250 to 43,631. But Barkhausen ran a respectable race, garnering 47 percent of the vote in a losing cause. Four years later, the

vagabond kid was campaigning for state representative from Lake County's 31st District. Barkhausen unseated incumbent State Rep. Ron Griesheimer of Waukegan. Griesheimer was vulnerable because he had been convicted of battery assault in a barroom brawl. When "One-Punch" Griesheimer went down for the count in the 1980 GOP primary, Dave Barkhausen was on the road to Springfield.

In 1982, Barkhausen of Waukegan was elected to the Ill. state senate from the newly-reapportioned 30th District. This senatorial district includes Cuba, Elia, Libertyville, Shields, Vernon, Warren, West Deerfield Twp., parts of Avon and Deerfield and the northern portion of Palatine in Cook County. Once again, Barkhausen's political timing was superb. First, State Sen. Karl

spired the Anti-ERA forces to work for Barkhausen's nomination because he had expressed strong opposition against the amendment.

State Rep. Barkhausen easily won the state senatorial nomination over his three challengers. He received 7,791 votes out of 17,446 ballots cast in the race. Barkhausen captured 44.7 percent of the primary vote. Before the anti-ERA folks had stopped celebrating his victory, State Rep. Barkhausen demonstrated that he was simply a political opportunist on the issue.

On June 30, 1982, when the Gen. Assembly cast its final vote on the ratification of ERA, State Rep. Dave Barkhausen voted FOR the amendment in response to a personal appeal from Gov. Thompson. The Governor was able to deliver Barkhausen's vote for ERA but the vote on the amendment fell short of the 107 votes needed for passage. The house tally was 103 to 72 in support of ERA. Barkhausen claimed that he didn't regret his decision to switch his vote on the issue. He commented, "I thought the action would help take Thompson off the hook in the eyes of ERA supporters."

Roger Ruthhart, then the political writer of Lakeland Newspapers, observed that "the whole incident leaves doubts about Thompson and Barkhausen. It illustrates that the governor was able to deliver the little fish (Barkhausen), but not the big one (George Ryan). House Speaker George Ryan...has successfully blocked any vote on changing the rules to allow the passage of the amendment by a vote of a simple majority instead of a three-fifths vote. Ryan is Thompson's running mate (for Lt. Gov.) in (the) November (elections) which makes the whole ticket even more distasteful to pro-ERA factions." (In Nov. 1982, the Thompson-Ryan ticket narrowly defeated the Adlai Stevenson-Grace Mary Stern gubernatorial team by 5,074 votes out of 3,627,128 cast in the election).

Meanwhile Barkhausen's credibility was

seriously eroded in Lake County after he switched his position on ERA. His critics claimed that Barkhausen had sold out to the governor as a payoff for Thompson's appearance at his fund raiser before the primary election. In Nov. 1982, Barkhausen was elected to the state senate over two opponents: Democrat Barbara Monsor and Independent Donald Deuster. The 30th District is a solid Republican area. Yet, Barkhausen received only 28,836 votes out of 54,514 cast in the election, garnering only 52.9 percent of the ballots in the three-way contest.

Today, State Sen. Barkhausen of Lake Bluff is on the road again running for the 1986 Republican nomination for Ill. Atty. General. It's a long shot for Lake County's suitcase Republican. But don't count Dave out. If he can win the party endorsement, Barkhausen will probably be elected Atty. General. First, GOP Gov. Jim Thompson is expected to run for an unprecedented fourth term. Thompson is heavily favored to win reelection because of the popularity of his "Build Illinois" program with organized labor. The Thompson coattails would benefit Barkhausen's candidacy.

Secondly, it is likely that Democratic Att. Gen. Neil Hartigan will vacate his office to become the Democratic gubernatorial candidate in next year's elections. Thus, Barkhausen wouldn't have to run against a popular and entrenched incumbent. Third, Barkhausen is predicting that Illinois Democrats will slate two-term Comptroller Roland Burris for Atty. General in the 1986 elections. Burris is the first black ever elected to statewide office in the history of Ill. politics. The state Atty. General is a high visibility office in comparison to Comptroller. Illinois is populated by thousands of voters, who share Archie Bunker's perception of blacks. Once they learn that Roland Burris is a black man, Dave Barkhausen will become a viable candidate. Who do you think the Archie Bunker voters will support for Ill. Atty. General: A black man or a plastic opportunist?

## Steinke On Politics

Berning (R-Deerfield) retired from office after serving 16 years in the Ill. General Assembly. Thus, Barkhausen didn't have to run against an entrenched incumbent in the GOP primary.

Second, in the four-way race to succeed Berning, State Rep. Barkhausen was perceived as Gov. Jim Thompson's candidate for the Republican nomination for state senator. On March 8, 1982, Gov. Thompson was the main attraction for a Barkhausen fund raiser at the Chicago club. Third, Barkhausen's major primary opponent was Edna Schade of Deerfield. She was a strong proponent of the Equal Rights Amendment (E.R.A.). Once again, the Illinois General Assembly was scheduled to vote on the ratification of ERA amendment. This in-

## Shimer To Offer Program

Beginning Aug. 12, Shimer College will offer a two-week program for students from fifth through ninth grades. Students may choose between "Creative Mathematics" (grades 5 through 7) and "Poetry Workshop" (grades 7 through 9). Both classes are taught by college instructors. They meet from 9:30 a.m. to noon, Monday through Thursday, and the fee is \$40.

Students and parents interested in further information or registration should contact Eileen Buchanan at Shimer College (312) 623-8400. Registration in both courses will be limited to ten students. Parent participation is encouraged.

## Condell Offers Clinic

It's not too late to register for Karing for Kids, a free babysitting clinic offered by Condell Memorial Hospital. A special two-part summer program will be held Saturday, July 13, and Saturday, July 20. Both sessions will begin at 9 a.m. Each participant in both sessions will receive a certificate of achievement from Condell Memorial Hospital, a subsidiary of The Medical Center of Lake County. Although the clinic is free, parents of interested young people must register the child in advance by calling (312) 362-2900, extension 5275.

## Look Into Future—Celebrating 15 Years

In the air, artist's conception of what an advanced airliner of the 1990's could look like to travelers. On the ground, the Boeing 747, world's most popular airliner, which has marked its 15th year of service. New engines, new material and new

electronic systems will enable airliners of next decade to reduce by half the fuel required to carry each passenger one mile. World-wide 747 fleet has carried 550 million passengers more than 8,000 million miles. There are 70 operators of 747's.

## Finn Syndrome Is In A Part Of Most Of Us

by COLONEL BILL RADKE

This may be the year for that promised Mississippi River cruise. The Huckleberry Finn syndrome is part of most of us. A convenient starting point is Dubuque, Iowa, for a one-day trip aboard the Mississippi Bell, celebrating her first season on the river.

This sternwheeler provides all day cruises—downriver one day and return the same day by bus, or afloat the following day. Its sister ship, Spirit of Dubuque, is the daily sight-seeing craft with briefer leave and return voyages including meals and entertainment aboard.

The Mississippi River, between St. Louis and northward to St. Paul, offers a new magnificent panorama with each turn of the stern wheel.

There is an air of holiday enjoyment that seems unique to riverboating. Roberts River Rides in Dubuque is a beginning point to check facilities and schedules. Call (319) 583-5379.

Besides boating, Dubuque offers many other exploration points. Those seeking over-

night lodging may enjoy the newly opened Redstone Inn which was once a private residence for an industrialist's family.

The Redstone's fifteen rooms combine modern convenience with turn-of-the-century, detailed Victorian architecture. After continental breakfasts, traditional English tea is served from 3:30 to 5:30 daily. Evening hours offer desserts, coffee, wines and liqueurs...it's a contemporary page from the 1890's.

Call Barbara Filer, (319) 582-1894 for details, or write the Inn at Box 3527, Dubuque, Iowa.

There are those who say Dubuque is going to the dogs!...and they're right. In fact, a lot of visitors will be going to the dogs at

Dubuque Greyhound Park which opened June 1. This is the first parimutuel racing facility to function pursuant to Iowa's 1983 permissive legislation.

Being only about three hours distant, many Illinois travelers will find it a convenient and absorbing adjunct to any Iowa trip, if not its prime purpose. Greyhounds are born to run and will chase most anything which tries to elude them.

Racing greyhounds is rated as America's sixth largest spectator sport where 22 million watchers and wagers attended one or more of 40 tracks in 13 states.

New climate controlled grandstands will be open evenings, Tuesday through Sunday, until Nov. 15, with Saturday and Sunday

matinees. Trackside or reserved grandstand seating is available and an elegant finishline racing and dining combination includes a private 10-inch color TV to follow the dogs on their course.

For information call Don Hess, coordinator, (319) 582-DOGS. Usually a dozen races comprise an evening of dog racing.

While in the area, don't miss Galena, Ill., just across the river from Dubuque. This old community stems from 19th century river traffic and was one of the largest Civil War river ports.

Galena is a unique and unexpected find in Illinois. Old homes and business buildings chinked into rocky foothills still stand in renovated excellence.

## Cattle Prodding Too Harsh In Rodeos

By CHARLENE WHITNEY

The rodeo sport began more than a hundred years ago. The word rodeo is Spanish for roundup. Now, it is a big business in itself, offering some \$8 million in annual prize money. The modern cowboy has become the star and he may travel anywhere across the country, from Oregon to Florida.

In olden days in the wild West, it was the cowboy's job to brone-bust and calf-ropo on huge cattle ranches. In those days, wild horses had to be caught and broken in for domestic use. The animals were all prized and pampered. The cattle were valuable if they lived to make it to market and great care was taken.

Now, the wild horses and mean bulls do not exist. Only tame animals travel the rodeo circuit, so why do these animals come charging out snorting and mad? I came across a booklet that tells how these events are set up to get the animals to perform a good show.

Bucking Bronco has a leather cinch called a flank strap, that is tightened uncomfortably around the horse's sensitive stomach. He is bucking not only to rid himself of the spurs of the rider, but of the torment of the strap.

In bull riding, a rope is tightened painfully over the bull's genitals, making it painful for the animal. This is also to ensure a really mean bull and he is often spurred, slapped,

jabbed and shocked repeatedly with an electric cattle prod while the others wait helplessly in the small chute. No wonder he comes out fighting mad!

The team steer-roping is called the ultimate in cowboy skills. A steer comes barreling out of its chute, running at top speed to escape the shocks of the cattle prod. One cowboy, called the "headman" tosses his lariat over the animal's head or horns while the heeler ropes its flying feet. The two cowboys pull in opposite directions in a giant tug-of-war on horseback to down the steer.

The calf-roping event is encouraged by the cattle prod and by having its ears and tail twisted violently. The terrified calf dashes out of the chute into the arena. Then, a cowboy on horseback ropes it by the neck and ties the rope to his saddle horn. The trained horse slams on the brakes, snanning

## Pet-Wise

the calf to an abrupt halt, often flipping it over in midair and smashing it to the ground. The cowboy jumps from his horse before the stunned calf knows what hit it and its legs are tied together.

The standard rodeo equipment includes a "sled," pulled by a tractor for dragging injured animals from the arena. As the cowboy claims the prize money, any injured livestock are taken to the slaughterhouse.

It does make a person wonder if pain and torture is acceptable in the name of a sport where everyone has fun, except the animals.

It takes courage and skill for the cowboy, yet I believe there must be a better way for everyone. I enjoy watching a rodeo as much as the next person, but not when animals are being harmed or misused.

We need to teach our children and people around us to be kind to animals. It's best for everyone.

## Moulis A Favorite In Wilmot Sprints

When the 4th Annual Wilmot Open Winged Sprints are held at the Wilmot Speedway on Tuesday night, July 16, Jim Moulis of Johnsbury will be racing as a local favorite.

The \$10,000 purse race paying \$2,000 to win the 40-lap "A" main, will pit the best of the Wilmot sprint car drivers against some of the best drivers in the nation.

Moulis frequently raced with the Outlaw drivers but thinks this could be the year

the Wilmot drivers will score another upset and hopes that his car will be ready to win the "A" main feature event.

Gates will open at 6 p.m. with time trials at 7 p.m. and the first race at 8 p.m.

## Cager Passes Test

Big 10 scouts probably are kicking themselves about Bryan Muellner—or should be.

In two post-season tests bringing together the cream of the crop of high school basketball talent in two states, the former Carmel High scoring machine more than held his own.

Playing in the Illinois-Wisconsin All-Star game and in the Class AA North-South game, the Wauconda product did exactly what he did all season long in leading Carmel to a Sweet Sixteen berth—prove that he's a big point producer who plays with intensity.

The "rap" on Muellner from big school talent sleuths was that he has defensive deficiencies and lacks speed and quickness to play guard or off forward.

Carmel's man in the center acknowledged that his future on the college hardwoods was not at pivot. Okay. So much for moving into the fast lane.

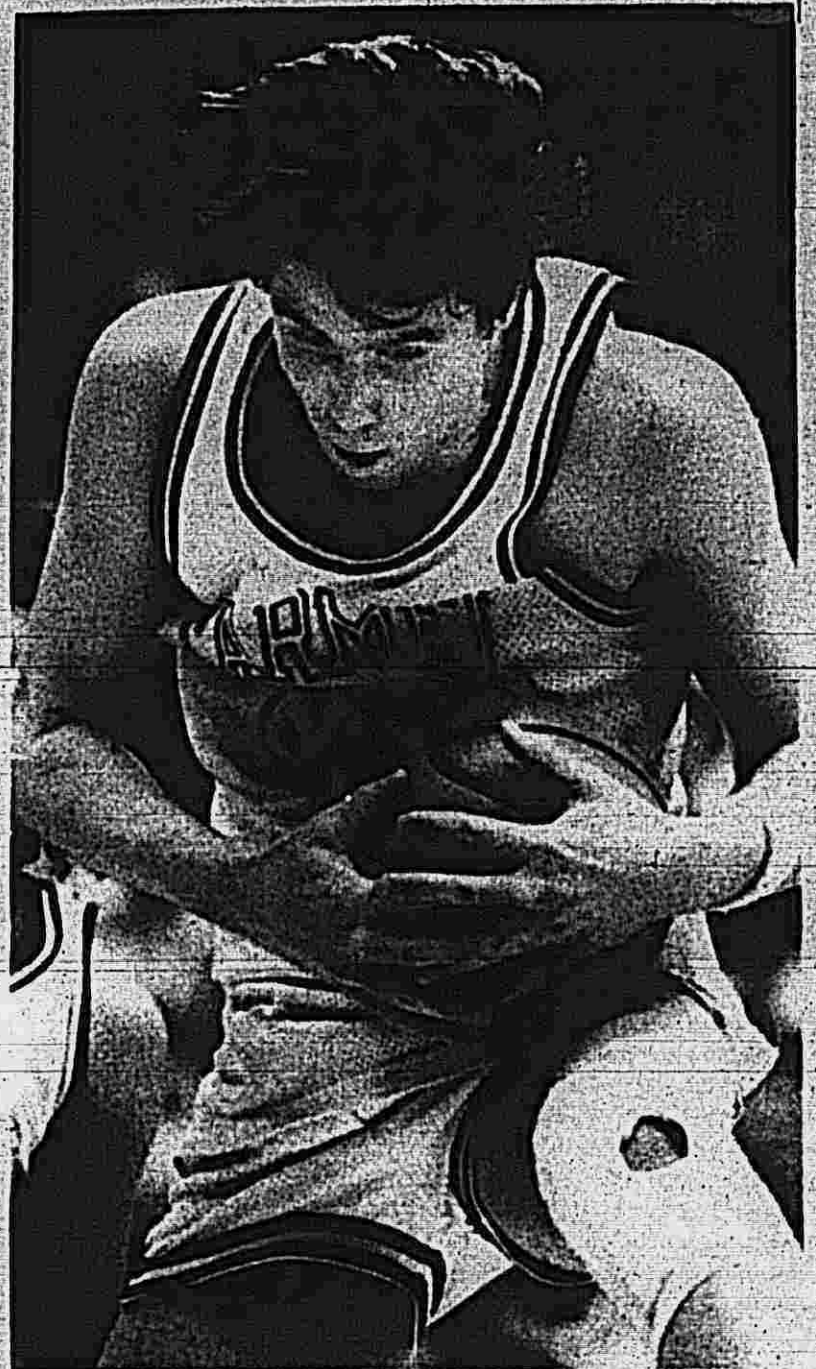

Against the Wisconsin stars, Muellner posted 14 points, fourth high on the team as the Badger preps fell 124-109.

In the North-South match, Muellner rang up 15 points, hitting on six of seven from the field and being perfect from the free throw line, second highest on his team which included James Farr and Melvin McCants from Mt. Carmel's 1985 state champs. The North won 118-85.

Always the perfectionist, Muellner said he felt he could have scored more, particularly against Wisconsin.

Muellner will be leaving in a few weeks for the University of Nebraska-Omaha where he'll start college and continue his basketball career.

His many fans already are saying that the Big 10 and midwestern independent's loss will be Nebraska-Omaha's gain.

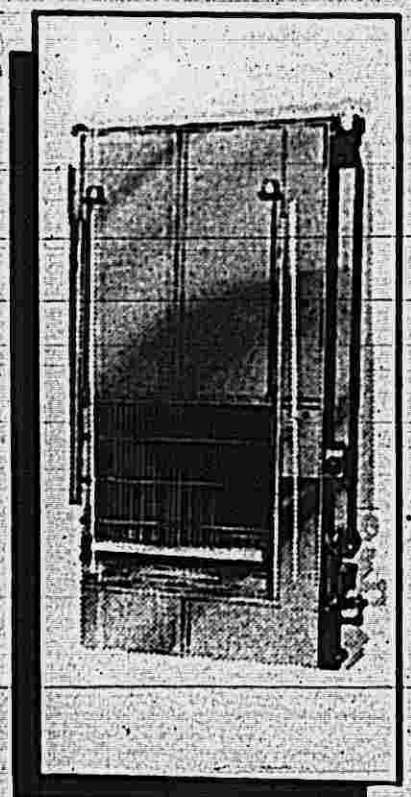

## Trademark: Intensity

Bryan Muellner's basketball trademark is intensity. He displayed that quality all through his prep career at Carmel High and he showed it again in summer all-star games against outstanding players from Wisconsin and southern Illinois.

# Challenge Awaits Grayslake Coach

**G. O'SHEA**  
Most sophomore ball coaches look to something like I am ready for the challenge," said Greg Groth, Grayslake High School basketball coach.

## Schedules Athletic Physicals

Physical exams for the 1985-86 sport seasons will be held at Mundelein High School on two separate occasions during the summer. Exams for male athletes will be held on Wednesday, July 31. Junior and senior boys should report at 5:30 p.m., and all sophomore boys at 7 p.m. Exams for female athletes will be given on Thursday, August 15. Junior and senior girls are to report at 5:30 p.m. and sophomore girls at 7 p.m. The cost of the exam will be \$1 and athletes may bring cash or a check made payable to Mundelein High School.

SEDOL job, led the Rams to a Northwest Suburban Conference title and a regional tournament title the past season.

Groth has coached Grayslake's sophomore team for the past seven years. His team had a 7-7 conference record last year. He also coached at Woodland Junior High School in Gages Lake where he is a teacher. He has been involved in coaching basketball for the last 10 years, including park district programs in Grayslake.

The new coach plans a few changes, but as he put it, "You shouldn't mess with a winning system."

Groth could not even begin to wonder about his record as sophomore coach. "The record is not so important," he said. "We're just trying to get the kids used to playing in the varsity system."

Groth, 33, attended Rich East High School in Park Forest where he played basketball. The Lindenhurst resident earned a degree at Southern Illinois University in Carbondale.

Groth will know his new team well. The juniors and seniors he will coach all played for him at the sophomore level. "This will be a real advantage," he said.

Since Assistant Coach Dan

Stacey also resigned, Groth is presently searching for a coaching staff.

## Opportunity Calling? Employ Common Sense

By GARY S. MEYERS

Common sense is the novice investor's best guide to weighing business opportunity and franchise deals.

"I always tell investors to beware when they deal with people they don't know," a Nebraska securities regulator told the Meyers Report. "Especially watch out for people from out of state who are unwilling to give detailed information on the franchise or business opportunity. If the deal goes bad you're here and they're there - with your money."

A business opportunity offering can involve just about any type of company or product. However, usually the investor is required to put up a substantial initial payment to a franchisor in exchange for product inventory and a promise of assistance.

### The Meyers Report

Economic forecaster Gary S. Meyers has been a lecturer and consultant to major financial institutions, government analysts, real estate developers and daily newspapers throughout the nation for the past 16 years. Readers are invited to submit comments and questions for possible use as subjects for future columns. Write Gary S. Meyers & Associates, 2200 S. Main St., Suite 106, Lombard, Ill. 60148.

A franchise agreement usually involves a parent company (the franchisor) and the investor, the franchisee.

Under a legitimate franchise arrangement, the franchisor grants to the investor the right to sell the franchisor's product or service which is usually a recognizable trade name, developed by the franchisor. The franchisor agrees to provide starting-up assistance and a uniform marketing and quality control plan.

Questionable business opportunity and franchise frauds can be spotted and good deals recognized. Investors should beware of the following warning signs, says the North American Securities Administrators Association and the Council of Better Business Bureaus:

— **HIGH-PRESSURE TACTICS.** Shady promoters will demand a quick decision, and not allow you to investigate profit claims or consult with a lawyer or accountant. Don't be impressed by ads in the national or local publications. Ads often aren't carefully screened before they are run.

— **PROMISES OF SKY-HIGH PROFITS.** Honest promoters do not guarantee clients a return on investment, much less astronomical profits of 100 percent or more. A legitimate operator will qualify his success stories and provide a list of satisfied investors.

— **CLAIMS OF MINIMAL RISK.** There is no such thing as a completely safe franchise or business opportunity, no matter how good the product or service involved.

— **COSTLY START-UP FEES.** Examine the value of the inventory, training courses

— **LACK OF DISCLOSURE.** If the promoter does not directly respond to your questions or refuses to provide details, don't go any further.

Although Federal Trade Commission regulations require that franchise purchasers be given a detailed disclosure statement before they sign up, experts told the Meyers Report investors considering a franchise offer should not invest a penny until they ask these questions:

— **IS THE PRODUCT SALEABLE?** Are they high-quality goods or a useful service? Get details about patents, warranties, frequency of repairs, consumer ratings and state or federal restrictions on use.

— **HOW BIG IS THE MARKET?** Will there be anyone out there to buy this product? You wouldn't want to buy into a franchise that gives the right to install tennis courts in an economically depressed area. Is demand already being met by existing businesses? Ask for and verify market studies.

— **WHAT'S THE PROFIT POTENTIAL?** Get everything the promoter promises in writing, and hire an accountant to check over the profit claims. Compare claimed returns to those earned by similar products in your market. Find out how many investors actually have achieved substantial profits, and if you can, how many that didn't.

— **ARE THERE RESTRICTIONS?** Prospective franchise holders should know all of the limitations that will be imposed on their business operations, including what and where they must buy and sell. Franchises often have rigid rules on sales, marketing and quality control.

— **WHAT ABOUT ASSISTANCE?** Get a detailed description of any and all help the company will provide, including training programs, site selection and financial help.

— **WHO ARE THE INVESTORS?** Get names of investors and customers. Insist on conducting your own check of the company's operations.

— **ARE LAWSUITS PENDING?** Learn firm's litigation record, by getting a financial report from your local bank.

## Received State Files Masters Degree Fraud Action

John Fairgrieve was among the 120 students who received their MBA or MSM degree on June 11 from the Lake Forest Graduate School of Management.

Fairgrieve who is manager of documentation and product environmental hazards for Abbott Laboratories, lives at 36466 Nathan Hale, Lake Villa. He was granted the masters of business administration degree from the school, which provides advanced education and development to experienced managers.

The Lake Forest Graduate School of Management, located on the campus of Lake Forest College, offers a non-credit program and various seminar series as well as the masters program to the over 600 students who attend classes on a part-time basis.

Illinois Atty. Gen. Neil F. Hartigan has filed suit against an individual charged with defrauding approximately 300 investors of nearly \$5 million in an alleged securities scam.

The defendant, Woodruff S. Kelly, Jr., doing business as Woodland Investment Co., 1300 Skokie Hwy., Suite 104, Gurnee, had sold interests in trust deeds, money market funds and stock funds to interested investors since May, 1984.

"This man built a house of cards with no foundation," Hartigan said. "The money he received was never invested, and he sent phony statements to investors indicating that they were receiving high rates of return."

"It appears, however, that he may have converted investors' money for his own use," Hartigan said.

Hartigan's suit, filed in Lake County Circuit Court, charges Kelly with failing to register securities with Sec. of State Jim Edgar's office, and failing to register himself and his company as security dealers with the Secretary of State as required by law. Kelly is also charged with violating the state Consumer Fraud and Deceptive Business Practices Act.

Hartigan seeks restitution for all affected investors, as well as a court order freezing the assets of both Kelly and the Woodland Investment Co.

Hartigan also seeks the appointment of a receiver to trace all the assets of the defendant in order to determine what funds are available for restitution if ordered by the court.

## Letter To The Editor

(Continued from Page 2B)

the preservation of 160 acres of land not only for future generations, but also the immediate economic and environmental benefits for every homeowner in Wildwood, Arbor Vista, Grayslake and yes, all of central Lake County, is unpardonable.

The purchase of Brae Loch is not dead yet, despite strong opposition by District 5 members, Depke and Dolan, who I suspect encouraged the president's earlier veto. It will be also an acid test for the other District 5 members, Andrea Moore and newly appointed Gene Martin. The land having been resold will in all probability have to be condemned or pay the new owner a substantial profit, which also raises the spectre of behind-the-scenes wheeling and dealing at public expense. One very possible ploy is to sell the golf course land (103 acres) to the Forest Preserve, regaining the new owners investment plus a probable profit, while retaining the remaining 57 acres for high density development.

If the Brae Loch purchase is lost again, it will be the Forest Preserve District's lasting monument to idiocy and will come back to politically haunt those members who allowed it to happen.

The public is eventually going to pay for Brae Loch one way or the other. For as pressure of urbanization grows and more profit can be made from destructive land development as opposed to a commercial golf course, gone is the open space.

We need only to look at the Sportsman Golf Course in Northbrook where in 1978 the Northbrook taxpayers paid \$9 million or \$9,000 an acre to retain their 151.8 acre "patch of green" in their community. Brae Loch's vetoed price was only \$1,350,000 for 160 acres or less than \$8,500 per acre.

There is no other political disease in our country that is so contagious, so costly and has such destructive results as the "bug" that makes public officials "growth-happy". It is much like the locust plague, when the land was all eaten up in Northbrook, it moves north through Deerfield, Buffalo Grove, Vernon Hills and if Mayor Neal and Sabonian have their way, through Libertyville Township along with Heartland and Brae Loch. We never seem to learn from the resulting problems in all the above mentioned towns, high taxes, congestion and a diminished quality of life, and blindly plunge ahead making exactly the same blunders.

F.T. "Mike" Graham  
Libertyville Township Supervisor

Brought To You Every  
Week By Attorney

DON DEUSTER

If you are called for jury duty,  
may your employer fire you?

No, an employee must be given time off for jury duty, and may not be fired for such absence. But, there is no obligation to pay an employee for the time taken off for jury service.

\*\*\*\*\*

Does the prosecutor in a criminal case have a  
duty to disclose evidence to the defendant?

Yes, the prosecution must disclose such evidence as witness statements, statements of the defendant, experts' reports, and general evidence to be used at the trial. Usually the defendant's lawyer moves the Court to order such disclosure.

\*\*\*\*\*

When can you have your court hearing continued  
to a later date?

Continuances are generally allowed in the Judge's discretion for a variety of good reasons such as unavailability of your lawyer, absence of a material witness or illness. In criminal and traffic courts, the Judges usually allow you a continuance to secure a lawyer, and otherwise to facilitate a fair trial.

## Clausing Adds To Sales Staff

A sales manager for the publications division has been added to the staff of Clausing and Co. The Lake County-based advertising and public relations firm has named Gail Robinson to the position. The announcement of this staff addition was made by Gerald H. Clausing, president of Clausing & Co. Robinson will coordinate sales for a number of local publications including "What & Where," "Lake County Real Estate," and publications for three military installations.

Robinson comes to the Clausing firm from the position of display advertising sales manager for Lakeland Newspapers. She served in the sales department for the Lake County weekly chain of papers for ten years.

"I am looking forward to this challenge," says Robinson about her new position.

"My background in newspaper sales for the past decade should be an asset for this job and the Clausing firm."

Gail Robinson

In addition to professional sales experiences, the Winthrop Harbor resident was charter president and is an active member of the Winthrop Harbor Lioness Club. She currently serves as secretary for the North Chicago Chamber of Commerce.

## EYEWEAR, NO LONGER A NECESSITY?

EYE SURGERY WHICH TAKES PLACE WHILE THE PATIENT SNOOZES IN AN OUTPATIENT CENTER NOW OFFERS THE REALISTIC HOPE OF REMOVING EYEGLASS DEPENDENCY FOR MANY WHO ARE UNCOMFORTABLE WITH CONTACT LENSES OR WHO SEEK FREEDOM FROM EYEWEAR FOR PERSONAL OR PROFESSIONAL REASONS.

THESE SURGICAL TECHNIQUES, FIRST USED IN THE U.S.S.R. AND IN COLUMBIA, CAUSE BETTER FOCUSING OF LIGHT WITHIN THE EYE BY RESHAPING THE CORNEAL WINDOW.

IN THE SOVIET TECHNIQUE (FYODOROV), CALLED RADIAL KERATOTOMY, HALF MILLIMETER-DEEP RADIAL CUTS GOING FROM THE PUPIL'S EDGE TOWARD THE WHITE PORTION ALLOW A NATURAL FLATTENING EFFECT ON THE CENTRAL CORNEA TO OCCUR.

REFINED IN THE U.S.S.R. SINCE 1973 AND IN THE UNITED STATES SINCE 1978, MORE THAN 100,000 KERATOTOMIES HAVE BEEN PERFORMED WORLD-WIDE.

SEVERAL U.S. STUDIES HAVE RECONFIRMED ITS SAFETY AND HIGH EFFECTIVENESS, THOUGH SOME RARE, SERIOUS COMPLICATIONS HAVE OCCURRED.

KERATOTOMY CORRECTS NEARSIGHTEDNESS AND ASTIGMATISM.

IN THE COLUMBIAN TECHNIQUE (BARRAQUER), THE SURGEON USES HIGH-TECH EQUIPMENT TO REMOVE A QUARTER-MILLIMETER-THICK CONTACT LENS-SHAPED WAFER FROM THE FRONT EYE WALL.

THIS PROCEDURE, WHICH HAS A 25-YEAR TRACT RECORD, CORRECTS FARSIGHTEDNESS AS WELL AS NEARSIGHTEDNESS BEYOND THE RANGE OF KERATOTOMY.

**PREVAILING WAGE ORDINANCE**  
**Ordinance No. 83/84-3**

WHEREAS, the State of Illinois has enacted "An ACT regulating wages of laborers, mechanics and other workmen employed in any public works by the State, County, City or any public body or any political subdivision or by any one under contract for public works," approved June 26, 1941, as amended, being Section 39-1 through 39-12, Chapter 48, Illinois Revised Statutes, 1973, and

WHEREAS, the aforesaid Act requires that the Gurnee Park District of the County of Lake investigate and ascertain the prevailing rate of wages as defined in said Act for laborers, mechanics and other workmen in the locality of the County of Lake employed in performing construction of public works, for said Gurnee Park District exclusive of maintenance work.

NOW THEREFORE, BE IT ORDAINED BY THE PRESIDENT AND BOARD OF COMMISSIONERS OF THE GURNEE PARK DISTRICT:

**SECTION 1:** To the extent and as required by "An ACT

regulating wages of laborers, mechanics and other workmen employed in any public works by the State, County, City or any public body or any political subdivision or by any one under contract for public works," approved June 26, 1941, as amended, the general prevailing rate of wages in this locality for laborers, mechanics and other workmen engaged in the construction of public works coming under the jurisdiction of this Park District is hereby ascertained to be the same as the prevailing rate of wages for construction work in Lake County area as determined by the Department of Labor of the State of Illinois as of June, 1985, a copy of that determination being attached hereto and incorporated herein by reference. The definition of any terms appearing in this Ordinance which are also used in aforesaid Act shall be the same as in said Act.

**SECTION 2:** Nothing herein contained shall be construed to apply said general prevailing rate of wages as herein ascertained to any work or employment except public works construction of the Park District to the extent required by the aforesaid Act.

**SECTION 3:** The Gurnee Park District Secretary shall publicly post or keep available for inspection by any interested party in the main office of this Park District this determination of such prevailing rate of wage.

**SECTION 4:** The Gurnee Park District Secretary shall mail a copy of this determination to any employer, and to any association of employers and to any person or association of employees who have filed, or file their names, and addresses requesting copies of any determination stating the particular rates and the particular class or workmen whose wages will be affected by such rates.

**SECTION 5:** The Gurnee Park District Secretary shall promptly file a certified copy of this Ordinance with both the Secretary of State and the Department of Labor of the State of Illinois.

**SECTION 6:** The Gurnee Park District Secretary shall cause to be published in a newspaper of general circulation within the area a copy of this Ordinance, and such publication shall constitute notice that the determination is effective and that this is the determination of this public body.

**NOTICE TO BIDDERS**

Notice is hereby given that the Village Board of the Village of Antioch, Illinois will receive sealed bids at the Village Hall, 874 Main Street, Antioch, Illinois until Monday, the 29th day of July, 1985, at 7:30 P.M., local time for construction of street rehab at which time and place the bids will be publicly opened and read. Bids will be acted upon at such time and place, or at such later time and place as may then be fixed.

The proposed work, officially known as the Village of Antioch Anita Ave. Rehab. (Depot St. to North Ave) Plans and Specifications, were prepared by McClure Engineering Associates, Inc., 2025 Washington St., Waukegan, IL and are available for review at that location. The project consists of rehab of existing street including: ditching, pavement removal and replacement, base stabilization, culverts, aggregate shoulders, and bituminous surfacing (3065 L.F.O. 58 mi.). Plans and specifications may be obtained from the Village Hall, 874 Main Street, Antioch, Illinois 60002, upon a non-refundable deposit of \$40.00 for each set.

Contractors for all Contracts must comply with the following:

a. "As this construction project is to be federally funded, all labor standards and equal opportunity regulations will be enforced."

b. The contractor for this project will be required to comply—to the greatest extent feasible, with all Section 3 regulations pertaining to provision of opportunities for training and employment to lower income residents of the project area and to the provision that contracts for

work in connection with the project be awarded to business concerns located in, or owned in substantial part by, persons residing in the area of the project."

Not less than the prevailing rate of wages as found by the Village of Antioch or the Department of Labor or determined by the Court of Review shall be paid to all laborers, workmen, and mechanics performing work under this contract.

All proposals must be accompanied by a bid bond, certified check, bank-cashier's check, or bank draft, payable to the Village of Antioch for ten (10) per cent of the amount of the bid as provided in the Instructions to Bidders.

Any contract or contracts awarded under this invitation for Bids are expected to be funded in part through the HUD program for Community Development Block Grants. Neither the County of Lake, nor HUD will be a party to this invitation for Bids or any resulting contract.

The Village Board reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) calendar days after the date bids are to be received and to reject any or all proposals, and to waive technicalities.

## BANK of WAUKEGAN's New LEASING Department

If your company is expanding or replacing equipment, consider LEASING. With today's high prices, many astute business people are using LEASING as a viable alternative to outright ownership. We can help!! Let us solve your equipment financing problems.

BANK OF WAUKEGAN President, Charles E. Ofenloch, answers your LEASING questions.

CHARLES E. OFENLOCH

Are there any financial advantages to LEASING equipment?

"Yes there are. First of all, you don't need a downpayment since you get the equivalent of 100% financing. Also, you're guaranteed a fixed rental payment for the entire term of the LEASE even if interest rates increase in the future. In addition, those monthly rental payments will usually be less than if you were purchasing the equipment, and that will help improve your cash flow."

Can LEASING solve the problem of limited working capital?

"With LEASING, you buy the use of the equipment, not the equipment itself. Thus, your capital can be conserved for other needs."

Is there a tax advantage to LEASING?

"If your rental payments are treated as fully tax deductible expenses, you pay for the equipment use out of pre-tax income instead of reducing your profit."

Can LEASING provide a hedge against obsolescence and inflation?

"It sure can. With today's rapidly changing technology, equipment you purchase can become obsolete before it's even paid for. LEASING makes it easy to update your equipment and stay competitive. Also, LEASES are paid with future dollars. Since the terms are set, you're insured against a possible decrease in value due to inflation."

How long is the typical LEASE?

"There is a good bit of flexibility, but the normal LEASE period is 5 years. The only limits are those imposed by IRS restrictions and the economic life of the equipment."

What happens at the end of the LEASE period?

"You can return the equipment with no further obligation; you can continue to LEASE the equipment; you can LEASE newer, updated equipment; or, you can negotiate to purchase the equipment. You make the choice."

For additional information regarding LEASING from the Bank of Waukegan, contact our LEASING specialists, John Crim or Roy Clark, at (312) 244-6000.

## NEXT WEEK'S

## HOROSCOPE

BY SALOME

**Aries** (Mar. 21-Apr. 19) You will soon find a grateful friend offering to do something especially wonderful in return. Accept the offer; you'll both benefit from it. Note: watch your diet.

**Taurus** (Apr. 20-May 20) Let's get physical! You beautiful Bovines need to exercise more to exorcise those woolly, weary blues. Go to it. P.S. Ask someone special to share the fun with you.

**Gemini** (May 21-June 20) Encourage others to work with you. Don't keep them out of your life. Remember: rivers flow so long as they're fed by tributaries along the way. Open up to new ideas now.

**Cancer** (June 21-Jul. 22) Someone plays unfunny jokes. Don't ignore the serious significance this holds. But don't rush into rash acts that may boomerang. A calm, frank talk produces results.

**Leo** (Jul. 23-Aug. 22) The Lion's share of summer fun will see Leos and Leonas entertaining a lot of folks in their dens. Also, job problems begin to clear up as new techniques take effect.

**Virgo** (Aug. 23-Sept. 22) Are you ready for a trip? You'd better think about it because travel is indicated in your aspect. Pick a place you'd like to go; pack a bag and take off for fun in the sun.

**Libra** (Sept. 23-Oct. 22) Continue to encourage those creative urges. Remember: you're always happier when you're doing things you like. Of course, this makes those around you happy too.

**Scorpio** (Oct. 23-Nov. 21) Love comes into the Scorpion's life in different ways. Encourage it to work its special magic for you and the people who are special to you. Open up to new ideas.

**Sagittarius** (Nov. 22-Dec. 21) Spend more time with kin to reduce those irritating instances where tempers tend to fly out of control. Insist on more open discussions between and among family members.

**Capricorn** (Dec. 22-Jan. 19) Answer mail and return calls from those whom you met on your last trip. The good impression you made could fade if you don't work hard at keeping it healthy.

**Aquarius** (Jan. 20-Feb. 18) The urge to splurge on luxuries is not one you usually feel. This time, however, do treat yourself to some well-deserved goodies that provide a special delight.

**Pisces** (Feb. 19-Mar. 20) Getting cold feet could freeze up your future. Keep your promise and you keep the respect and support of someone who can help you make a vital change in your life.
